

Cornell Cooperative Extension | Sullivan County Parkinson's Disease Non-Motor Symptoms

Thursday
January 31

1:00 - 2:00 pm

— **FREE** —

Extension Education Center
64 Ferndale-Loomis Road
Liberty, NY

**FREE
CEUs**

This web seminar is presented by the Parkinson's Foundation, as part of their Expert Briefings series.

Focus on detection and effective treatment of non-motor symptoms beyond traditional Parkinson's Disease (PD) medications. Participants will take away recommendations on how to cope and live optimally with these non-motor symptoms.

This web seminar helps you to:

- ✓ Identify that non-motor symptoms, such as impaired olfaction, REM sleep behavior disorder, pain, constipation, and depression may be present before PD
- ✓ Identify that non-motor features become most troublesome features of PD
- ✓ Describe treatment other than traditional PD medications

The class is FREE! Registration is required in advance.
