Featuring Margaret Roach, Keynote Speaker
www.awaytogarden.com
The Master Gardeners of Columbia and Greene Counties would like to invite you to join us for a day of education and fun at our Spring Gardening Day 2019. The day will consist of three educational sessions of your choice conducted by our Master Gardeners and several outside speakers who are experts in their fields.

PRE-REGISTRATION
The registration fee entitles you to the three educational sessions and attendance at the keynote speaker address. Early registration is critical so that you will be able to enroll in your first choices for each session. It is important to register as early as possible due to class size minimums and maximums. We will try and give everyone their first choice. Late registration may prevent you from getting your first choices. Also, we anticipate this event to be SOLD OUT. If your registration is received after a “SOLD OUT” status, you will be unable to attend the event.

DAY OF REGISTRATION
You must report to the college between 8:30 and 9:00 am the day of the event to receive your final schedule for the day’s events.

THE MASTER GARDENERS MARKETPLACE
This year you will find local vendors offering garden related items for sale. The vendors will be available after the first session and for the remainder of the day for your shopping convenience.

FOOD
There will be food and beverages available for purchase during the day in the cafeteria.

FREE SOIL TESTING
The Master Gardeners will perform one free pH test. For exact instructions, please visit our website: www.ccecolumbiagreene.org.

AUCTION
You may purchase tickets to bid on items of your choice. Auction items will be drawn after the last session. You must be present to win.

KEYNOTE SPEAKER: Margaret Roach

NON-STOP PLANTS: 
A GARDEN FOR 365 DAYS
Expressions commonly heard each September like “the season’s almost over” don’t sit well with Margaret Roach. She has worked for more than 20 years to make her garden in the Hudson Valley-Berkshires area a visual treat every day of the year. Meet the plants and the philosophy that make it happen delivered with a dose of “horticultural how-to and woo-woo”.

Margaret Roach was a garden editor for Martha Stewart Living and EVP/Editorial Director of Martha’s company, and spent a decade each at Newsday and The New York Times. She now creates the nationally acclaimed website www.awaytogarden.com and hosts the award-winning companion public radio show and podcast. She is an acclaimed author with her first book “A Way to Garden” being re-released in an all new edition from Timber Press in the spring of 2019 on its 21st anniversary.
