

# Map of the Continents

**Joke Time**  
Why should you never tell a secret near a cornfield?  
It has too many ears.

Corn is produced on every continent but one. On the lines (below), write the name of the continent that matches each number. Color each continent that produces corn green.

## Field Corn & Sweet Corn

Most of the corn farmers grow is field corn. They use field corn to feed cows, pigs, chickens and other farm animals. Field corn is also used to make thousands of products that your family uses.

paint

soap

fireworks

gum

glue

crayons

cereal

ketchup

ink

cosmetics

**And many more.**

The corn you eat is called sweet corn and it sure tastes great! Although we love to eat it, only 1% of the corn grown in the United States is sweet corn.

Many of the items we use daily are made with corn. In the word search puzzle, find the following products that contain corn. They may be found written vertically, horizontally or diagonally.

Words to find:

|         |         |                 |                |
|---------|---------|-----------------|----------------|
| ethanol | soap    | ink             | pudding        |
| gum     | crayons | paper           | trash bag      |
| paint   | cereal  | packing peanuts | cosmetics      |
| glue    | diapers | corn oil        | salad dressing |
| soda    | ketchup | medicine        | fireworks      |

# ETHANOL

Farmers across the U.S. are using corn to make fuel for our cars. Unlike gasoline, which is made from oil, ethanol is a renewable fuel that helps reduce our dependence on foreign oil and provides cleaner air for us all to enjoy.

## Word Scramble

Unscramble the words to see how corn farmers and ethanol are helping to clean our environment.
