**The Gouverneur & St. Lawrence County Fair Association
Dedicates the
2019 Gouverneur & St. Lawrence County Fair Book to:**

**Harry W. Parow
1958 – 2019**

We were very saddened this year when our friend and fellow board member Harry Parow, Gouverneur, passed away.

Harry was born on January 8, 1958 in Gouverneur to the late Dennis W. and Roberta A. (Brown) Parow. He graduated from Gouverneur Central School in 1976.

He worked with his father on the family farm, Elm Grove Farm, after graduation until buying the business in 1993. In the early years of farming, Harry found time to manage the local softball league and bowl on several teams. He operated the farm until selling his cattle in November of 2016. Shortly after, Harry became a home delivery driver for Kinney Drugs Store. After a lifelong career of dairy farming, he also discovered visiting the casino was an enjoyable pastime!

Harry was a past Director of the Gouverneur Co-op Association, the Eastern Breeder's Association, and the St. Lawrence Valley Bulk Milk Producers Co-op, former member of the Kool Kearney Kats 4H Club and Gouverneur FFA. At the time of his death, he was the current

President of the St. Lawrence County Holstein Club and St. Lawrence County Fair, and a Director and Life Member of the Gouverneur Fair.

Harry enjoyed spending many, many hours year-round preparing for the Fair. During the Fair you could always find Harry in the agricultural area. You were sure to find him helping someone set up, sitting having a chat with exhibitors, or lining up cattle to enter the show ring. If there was a moment when someone couldn't remember "the rules," we always turned to Harry. Jokingly known as "The Enforcer," he had a way to make a quick and decisive decision that everyone accepted! However, behind the stern exterior, was a heart of gold. With little fanfare, Harry showed his devotion to the fair and frosting youth in the dairy industry by providing awards and anonymous donations over the years.

We'll miss you Harry, but know that your commitment and dedication will never be forgotten!

GOUVERNEUR & ST. LAWRENCE COUNTY FAIR

INFORMATION AND GENERAL RULES AND REGULATIONS

The Gouverneur and St. Lawrence County Fair will be held at Gouverneur, NY, July 30 – Aug. 4, 2019, inclusive, unless postponed by the Management for any cause or causes whatsoever which it may deem necessary for the good of all concerned. The Fair Boards hereby reserve that right.

While the financial liability of the entire exhibition is the responsibility of the Fair Association, under the direction of its President, the coordination of all details of getting the Fair underway lies with the Board of Directors and the other appointed officers and superintendents.

All rules and regulations referred to herein will apply to each and every department of the Fair. They are made a part of the conditions under which entries are accepted for exhibit or contracts for Concessions are granted. All properly being brought and kept upon said fairgrounds shall be at owner's risk, owner assumes all responsibility for any loss, damage, theft, or accident that may occur.

In the event of a conflict of general and special department rules, the latter will govern.

Express permission of any variation of these rules may be given by the Board of Managers, who are vested with the authority to give or refuse their consent, as they in their judgment believe to be in the best interest of the public welfare and to aid in the promotion and conduct of a safe, orderly and well-operated annual fair.

The disregard of any rule by any exhibitor or concessionaire will be cause to forfeit all premiums, rights, and privileges without recourse.

The Society reserves the right to refuse pass-out checks, rain checks, refunds or ticket exchanges at any of the outside gates. Please do not ask an officer or employee to issue these.

Automobiles and all other vehicles will be admitted to the grounds for a small charge for parking. They are admitted for the convenience of the owners and/or drivers and the charge paid covers this privilege only and is to be so accepted otherwise vehicle admission will be denied. Vehicles must be parked on space designated by the management and not elsewhere. The Fair Society shall not be liable under any circumstances, whether of negligence of itself, its agents or otherwise for any injury to his or her person or for any theft, loss or injury to his or her property or vehicle while within the fairgrounds. Articles left in vehicles are done so at owner's risk.

The County Sheriff's Deputies, with the N.Y.S. Police also being in attendance will police the fairgrounds.

COMPETITION DEFINED. Competition is defined, as a contest for supremacy between two or more products or articles or animals owned by separate exhibitors. Exhibitors having no competition in a class or section will be awarded one premium (the first or second as the judges think deserving) unless otherwise noted under special department rules. All premiums shall be awarded subject to the action of the Fair management.

OWNERSHIP: See State Standard 350.9 and department rules.

Every animal, all products and every object intended for exhibit must be recorded in the Fair Office and tags obtained. **No premium will be paid on any entry not made through the Fair Office.** No entry fee for Flowers. Poultry entry fee is \$.50 per entry. Sheep entry fee is \$2.00 per entry. Cattle entry fee is \$5.00 per entry. Entry fees must be paid at the time of making entry. **Entries made by mail should be mailed to Gouverneur Fair Office, 85 E. Barney Street, Gouverneur, NY 13642. Entries will be accepted in person at the Fair Office, 85 East Barney Street, Gouverneur, NY 13642. Fair Office Hours: Week of July 8 and July 15, 8am-12 noon. Week of July 22, 8am-4pm. Week of July 29, 9am-5pm.** Make all checks payable to GOUVERNEUR FAIR. There is no entry fee for Junior Fair entries in 4-H departments.

NO refund of entry fees. Exceptions to this rule may be permitted at the discretion of the Board of Managers in cases where cancellation of classes, lack of housing or similar reasons may prevent exhibition of entry.

The superintendents will have charge of exhibits, their employees, allot space for exhibits, reject entries not complying with the rules, check entries, certificates and papers if requested, and present the classes for judging – all subject to approval by Fair Board.

All articles are under control and subject to the order of the department Superintendent and may not be removed or withdrawn without his permission.

All animals in the Open Classes (except in the Harness Races) MUST be on the grounds and in place by Tuesday, July 30, 2019 at 9:00 AM except by special request. No animal may be on the grounds before Monday, July 29, 2019 at 9:00 AM. Unless otherwise indicated in this book, they must remain for the duration of the Fair or premium may be withheld. 4-H Horses are governed by rules of the Junior Fair Book.

All exhibits, papers or any other property not called for by 9:00 a.m. on Monday, following the Fair, are left at the owner's risk, and shall be forfeited to the Fair, who may dispose of them.

The Fair electricians must inspect all electrical devices and appliances before making connections.

All materials used to decorate booths, racks, exhibits; tack rooms, stalls or pens must be made from non-flammable material or treated and maintained in a flame-retardant condition.

No smoking, or lighted candles, lamps, matches, etc. will be allowed in stables, stalls or exhibition booths on the grounds or in the buildings.

If sufficient entries for a well-balanced show are not received in a named breed of livestock for two successive years that breed may be dropped from the Exhibitor's Guide the following year, as there must be competition for premium money for the State.

Nothing shall be sold or given away or otherwise disposed of by any exhibitor, which in any way will conflict with or which is the subject matter of any privilege or concession granted or sold by the Fair Society.

An exhibitor, when once barred, cannot exhibit at Gouverneur and St. Lawrence County Fair for a period of five years, unless, following special investigation by the Board of Management, it is deemed wise to suspend this rule.

The judges shall withhold a premium where the article or animal is unworthy of an award, except for educational exhibits. Judges are especially directed to withhold first premium to animals or articles without competition if they are not qualified for first.

All awarded or entry books must be properly signed by the Judges and returned to the Office immediately after the completion of judging.

All articles, exhibits and stock entered but not shown, MUST BE SO MARKED on the entry books by the Judge or Clerk assisting him. If disqualified, Judge should write "Not worthy" in award book.

Judges are requested to report on objects of merit and to make such recommendations as circumstances may suggest but must not award extra prizes. Special awards will be made only after the Judge and the Management agrees that such award should be made.

The decision of the Judges shall be final in all cases, except where mistakes, errors, frauds, misrepresentations, or collusion (not discovered at time the award was made), is proven. In such cases the decision of the Directors, or such referee as the Directors may select shall be final.

Any Exhibitor who in any way, whether in person or by his agents, interferes with Judges during their adjudication, or show any disrespect for them, or who violates any rule or regulation of the Society, will be barred from competition. **THIS RULE WILL BE STRICTLY ENFORCED.**

All protests must be in writing and filed at the Business office before 10 a.m. of the last day of the Fair. The Society assumes no responsibility in case of injury, loss, theft or damage to any animal, person or property from any case and upon this condition only are entries received; and the Society will not assume any liability for personal injury sustained by exhibitors, helpers, visitors, or the public. The Fair Association shall not be responsible for any accident, which may occur to or by reason of any animal exhibited at the Fair, and the exhibitors and spectators shall hold them harmless and indemnify them against any legal proceeding arising from any accident.

NOTICE: Sale or distribution of any merchandise, including printed or written material, except under license issued by the GOUVERNEUR AGRICULTURAL & MECHANICAL SOCIETY and/or from a duly licensed location shall be prohibited.

NOTE: The above rule was adopted at the 1983 convention of the N.Y.S. Association of Agricultural Fairs after a resolution to that effect was submitted by the Altamont Fair.

Under no circumstances will any person or firm be allowed to distribute or sell written materials or solicit funds from other patrons of the Fair, without regard to the content of the information being distributed or sold, and regardless of the purpose of the solicitation of funds unless one or more of those activities takes place from a booth or concession stand rented for one or more of those purposes.

The rental of a booth or other concessions stand shall be on a "first-come, first-served basis". Nothing herein contained shall be construed to deny a person the right to express their views within or without the Fairgrounds.

After exhibits are placed they shall be under the exclusive charge of the superintendent and no one, not even the owner or judge, shall touch or remove, or change from one location to another without permission of Superintendent.

Flowers should be replaced after the judging and the Superintendent shall have the right to remove the exhibit or any part of an exhibit which becomes unsightly.

The Superintendent reserves the right to make such further rules as may be deemed necessary for the success of the show. While the Fair Society will provide best possible care for all exhibits, the Management assumes no responsibility in cases of loss, theft, or damage to exhibits, personal property, containers or accessories, from any cause; and upon this condition only are entries received.

General Prohibitions and Requirements

- No person shall bring or have present an animal on the fairgrounds during a fair which is not qualified under NYS regulations.
 - No person shall present an interstate or intrastate certificate of veterinary inspection that has been altered by anyone other than the issuing veterinarian.
 - Animals demonstrating clinical signs or other evidence of infectious, contagious or communicable diseases shall not be allowed on the fairgrounds during a fair.
 - Representatives of the Commissioner may deny admission to or require removal from the fair premises, or require the segregation of any animal showing signs of or exposed to any infectious, contagious or communicable disease.
- NOTE:** The fair board of directors has the authority to reject unworthy or unsightly exhibits for reasons other than infectious, contagious or communicable disease (Part 350.10). The state veterinarian or animal health inspector will bring questionable exhibits to the attention of the fair board.
- All animals presented that originate from a location other than New York shall meet all New York State importation regulations appropriate to the species in addition to the fair animal health requirements.

Certificates of Veterinary Inspection (CVI)

- Cattle, sheep, goats, swine, llamas, alpacas, deer, and misc. ruminants, require a valid CVI to enter the fairgrounds.
- The CVI must be issued by a Category 2 accredited veterinarian.
- All animals must be officially identified. **ALL MANMADE ID MUST BE RECORDED.** Note that there are new animal identification requirements for cattle and swine. Refer to Animal Identification section below for more information.
- Only one species is allowed per certificate.
- The type and duration of certificate required depends on the origin of the livestock.

New York Origin Livestock:

- A valid intrastate CVI (AI-61) is required.
- Each animal must be individually identified on the CVI (see below).
- The CVI must be issued on or after May 1 of the current year.

Out of State Origin Livestock:

- All animals entering New York State must satisfy import health and test requirements for that species and be accompanied by a valid interstate CVI.
- The interstate CVI is valid for 30 days from the date of CVI inspection. During the fair season (July 1 through Labor Day) valid CVI's can be used multiple times for entrance into fairs. The initial entrance into a NY fair must be within 30 days of the date of CVI inspection. In order for the CVI to be used for a later fair, it must be dated and initialed by a NY state official noting the location of the initial fair. A change in health status or eligibility of an animal necessitates the generation of a new CVI.

Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971, or at the division's import/export homepage: http://www.agriculture.ny.gov/AI/import_export.html

Animal Identification

- **ALL MANMADE ID MUST BE RECORDED**
- Cattle must be identified by an official USDA radio frequency identification (RFID) eartag, commonly referred to as an "840 RFID tag," or an equivalent official RFID tag if the animal was tagged in another country. Cattle which are already identified with 840 visual eartags will be exempt from the 840 RFID tag requirement.
- Sheep and goats must be identified by official scrapie identification (see sheep and goat sections below).
- Swine must be identified by an official USDA radio frequency identification (RFID) eartag, commonly referred to as an "840 RFID tag" or an equivalent official RFID tag if the animal was tagged in another country. Swine which are already identified with 840 visual eartags will be exempt from the 840 RFID tag requirement. Nursing piglets do not have to be individually identified if the sow is correctly identified on the CVI and the number of piglets in the litter is noted on the CVI.
- Deer/elk must be identified with an official eartag.

- Llamas and alpacas must be identified by official eartag or microchip.
- Misc. ruminants must be identified by unique eartag or microchip.
- A complete written description is sufficient identification for horses entering New York accompanied by a CVI. The description must match the EIA test record. Horse sketches and descriptions should reference color pattern, hair whorls, chestnuts, scars and other markings as necessary to uniquely identify the horse. Tattoos and microchips if any should be included. "Bay, no markings" is not an acceptable description for a CVI or EIA test record.
- **NOTE:** If you are exhibiting animals identified by microchip, a working reader must be supplied by the exhibitor.
- For questions on animal identification please contact your veterinarian or our office at 518-457-3502.

Rabies Vaccination

- Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair.
- Vaccine must have been administered within the past 12 months. The exception is Imrab LA vaccine used in sheep which protects for 3 years after the second annual vaccination (consult your veterinarian).
- The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate.
- **NOTE:** Individual fairs can require animals for which there is no approved rabies vaccine to be vaccinated for rabies. The requirements outlined above would apply. The fair is responsible for notifying exhibitors. The New York State Fair requires rabies vaccination for all livestock species entering the grounds.

Acceptable Proof of Rabies Vaccination

- Acceptable proof of rabies vaccination must include a signed written statement from the veterinarian administering the vaccine or a valid certificate of veterinary inspection that has the vaccination listed and is signed by the Category 2 accredited veterinarian.
- Acceptable proof of rabies vaccination must include the name of the product used, the date of administration and the duration of immunity if longer than one year.
- If the statement of rabies vaccination is included on an EIA test record, it must be signed separately in addition to the required EIA test record signature.
- **NOTE:** Rabies titers are not acceptable proof of rabies protection and cannot be used to meet entry requirements.
- Acceptable proof of vaccination for dogs is a valid vaccination certificate or a copy of the dog license that contains the rabies vaccination information.

BVD-PI Testing

- All cattle, llamas and alpacas exhibited at NY county fairs or the State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, the identification of the animal and recording the test date on the CVI. If a previous test is not verifiable the test must be repeated.

Cleaning and Disinfection

- All buildings on the fairgrounds housing animals must be cleaned and disinfected prior to the opening of the fair and between groups of animals when housing is rotated (Section 50.2 of Agriculture and Market regulations).

Animal Deaths

- Occasionally animal deaths occur at a fair. If a death occurs it must be reported to the state veterinarian in charge as soon as possible for review. The animal must be promptly removed from the public exhibit area to a secure location and held for the veterinarian prior to disposal.

Calving, Kidding, and Lambing

- Any cattle, goats, or sheep that calve, kid, or lamb while at a county fair or the State Fair will be ordered removed from the fairgrounds along with their offspring, unless the animals are part of a birthing demonstration.

Commingling of Sheep and Cattle

- Due to the potential spread of malignant catarrhal fever from sheep to cattle, it is strongly recommended that cattle be kept separate from sheep.

Commingling of Swine and Poultry

- Due to the potential spread of influenza viruses it is recommended that swine and poultry be housed in separate locations.

Isolation on Returning Home

- The owner or custodian shall keep show animals biologically separate from the herd or flock for a period of at least two weeks after returning to the premises of origin. If any illness is noted in the exhibition animals, the owner should contact their veterinarian immediately.

Individual Species Requirements

- Negative Equine Infectious Anemia (EIA) test is required for all horses 6 months of age or older. The horse must be accompanied by a valid negative EIA test record. The sample collection date for the qualifying EIA test must have been on or after January 1, 2018 for New York origin horses. For imported horses, the EIA test must have been conducted within 12 months prior to entry.

For information on scrapie ID, contact USDA at 1-866-USDA-TAG (1-866-873-2824).
- Rabies vaccination is required for all sheep 4 months of age or older (see above).
- The CVI must contain a written statement from the issuing Category 2 accredited veterinarian that the flock of origin was inspected after May 1 of the current year and no evidence of contagious, infectious or communicable diseases was found.
- If evidence of soremouth (contagious ecthyma) is found on any sheep, the entire exhibit including the affected animals shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.

Goats

- Certificate of Veterinary Inspection with animals individually identified with USDA approved scrapie identification. Identification must be one of the following: 1) USDA approved tags or 2) a legible registration tattoo or 3) a legible USDA approved herd tattoo and individual animal ID number or 4) electronic implant

Poultry

- Poultry (with the exception of doves, pigeons and waterfowl) must be accompanied by 1) results of a negative pullorum typhoid test conducted within 90 days prior to exhibition OR 2) proof that the birds originated directly from a US pullorum-typhoid clean flock or equivalent flock.
- Poultry qualified by 90 day test must be identified by official leg band.
- Proof of NPIP status must be in the form of an NPIP certificate or purchase receipt containing NPIP certification information. If utilizing a receipt it must be dated within 1 year of the date of admission to the fair.

Deer/Elk (Cervidae)

- Certificate of Veterinary Inspection with animals properly identified (see Animal Identification section above).
- Originate from a herd classified as accredited or qualified under USDA tuberculosis regulations.
- A movement permit obtained from the Division of Animal Industry is required for all deer movements. All CWD and TB program requirements must be met before a permit will be issued. Questions regarding movement permits should be directed to the Division of Animal Industry at 518-457-3971.

Miscellaneous Ruminants

- Certificate of Veterinary Inspection with animals properly identified (see Animal Identification section above).

Exhibitor Prefair Guidelines

Cattle, Sheep, Goats, Swine, Llamas and Alpacas, Cervids, Misc. Ruminants

- Review the animal health requirements booklet including information for your species **before** your veterinarian arrives to inspect your animals. If you have any questions **ask**.
- Your veterinarian is responsible for inspecting your animals and completing the certificate of veterinary inspection (CVI). Call **early** to avoid the last minute rush when mistakes are made and there is no time to correct.
- Make sure **840** eartags (RFID or visual) are present on cattle and swine and USDA approved scrapie ID is in place on sheep and goats.
- Llamas and alpacas require a microchip or eartag. If a microchip is utilized make sure the veterinarian confirms the microchip ID or places one. If your animal is identified by a microchip, make sure you bring a working reader with you to the fair.
- **ALL IDENTIFICATION MUST BE RECORDED. Make sure it is.**
- Review the CVI carefully upon receipt to make sure all the information is correct including any required test or vaccination information.
- **DO NOT** stuff it in an envelope and assume all is well. The time to correct is before pulling them out at the fair.

The CVI is your document and you share responsibility if it is incorrect.

- If you are **importing** livestock from out of state, make sure the interstate requirements are met and you have a valid **interstate certificate of veterinary inspection**.

Poultry

- Schedule pullorum flock inspection and testing well ahead of the fair if your flock is participating in the NPIP program.
- If you're having your birds tested within 90 days of the fair you must go to a pullorum clinic. Available clinics are listed on the Dept. website. No individual testing is available if you miss a clinic.
- Birds qualified by 90 day test must be identified by official leg band.
- **Bring documentation** with you to the fair in the form of a 1) current NPIP certificate, 2) 90 day test chart or 3) purchase receipt with NPIP certification within 1 year of the date of admission to the fair.

Horses

- NY origin horses must be accompanied by a negative EIA test report. The date of sample collection for the qualifying EIA test must have been on or after January 1, 2018.
- **Imported** horses must be accompanied by an interstate certificate of veterinary inspection with a **negative EIA test within 12 months**. Rabies vaccination information can be incorporated into the CVI.
- Drawing or photograph **must** match the horse.
- Rabies vaccination must be within 1 year of arrival at the fair and be documented by a **signed** rabies certificate or a signed statement on the EIA test chart with the required information (see requirements).

MOST IMPORTANT

When you are loading your livestock for the trip to the fair take the time to examine them. Make sure they are the same animals that are on the paperwork and, if they are showing any signs of illness, **LEAVE THEM HOME**.
