

Right This Very Minute

by Lisl H. Detlefsen

Right This Very Minute: A table-to-farm book about food and farming by Lisl H. Detlefsen highlights the story of agriculture with

vivid illustrations and a community-centric storyline. Students will understand the importance of agriculture as an economic driver in communities across New York, and develop an awareness for where their food comes from and its journey.

About Ag Literacy Week:

In celebration of National Agriculture Week (March 16-20, 2020), volunteers throughout the state will read a book with an agricultural theme to second graders. Students and teachers will also benefit from hands-on lessons and receive follow up activities. The book will be given to the school library with a bookplate recognizing the donor and NY Ag Literacy Week. 1,400 books were donated last year while thousands of second graders participated in fun and educational activities.
