Redo Your Coffee Shop Stop

Rethink your daily coffee shop stop, or visit through the drive thru and make healthier choices while still enjoying your favorite beverages and snacks. MyPlate My Wins gives these suggestions:

1. **Downsize your drink.** If you normally order a large, will a medium or small hit the spot?
2. **Do dairy right.** Choose low-fat or fat-free options in place of whole milk to reduce calories and fat.
3. **Skip the whip.** Skip the whipped cream and caramel drizzle. These extra toppings add calories, fat and are high in added sugars.
4. **Cut the syrup in half.** Ask for fewer pumps of sweeteners and flavors in your drink. Try a sprinkle of cocoa powder or cinnamon to add sweetness.
5. **Split the sweets.** Share a muffin or pastry with a friend. You will still satisfy your sweet tooth while reducing calories, fat and added sugars.
