VIRTUAL OUTREACH PROGRAMS

Looking for a virtual experience for your students and patrons?

- Live Zoom program (max 30 participants)
- Pre-recorded program (about 20 minutes to keep viewer’s attention and for those that can’t have a group at a scheduled time)...$150 for 3 days, $25/each add’l day
- Student-paced (Nearpod) programs (w/completion/assessment reports available)

Have ideas or looking for something specific, let us know and we can customize your experience!

All programs are $150/class

Libraries that host a program are asked to register participants and e-mail program materials out to participants 24 hours prior to the start of the program.

Seashore Safari (PreK-12)

Bring the beach to your classroom! A great alternative to a field trip, this virtual experience will explore our live touch tank animals and local marine life - sea stars, shellfish, hermit crabs, snails, and... the infamous horseshoe crab! We will explore their life histories and biology of these amazing creatures.

Marine Reptiles and their Land Buddies (Grades 1-12)

Discover what makes a reptile a reptile and what adaptations these creatures have to help them survive in some of the world’s most unique environments. Reptiles from marine environments are covered, along with some of their terrestrial counterparts. We will look at our live reptiles that may include a ball python, corn snake, bearded dragon, painted turtle and a diamondback terrapin and explore preserved sea turtle and many other reptile artifacts.

Sensational Sharks! (Grades 2-12)

Explore the biology and ecology of these fascinating creatures and learn about conservation efforts to save these misunderstood predators. We have lots of specimens like jaws, eggs, teeth, and other artifacts as you learn some fun facts about these top oceanic predators.

Crustacean Exploration (Grades 2-12)

Live crustaceans on your screen! Explore the unique specializations of lobsters and their crabby relatives, including hermit crabs, Asian shore crabs, barnacles & shrimp.

FREE Program...

Stormwater Superheroes (Grades 1-8)

Learn how to be a Superhero! Students will explore what they can do to help our local bays and watersheds. We will discover how various kinds of pollution make their way to the bay and ocean and how it affects the local marine life. This is a student-paced program and does not need to be at a scheduled time!

Please contact Tracy Marcus at tm353@cornell.edu to schedule a program!
