CLOVERBUD 4-H Rabbit Project Record Book

For Chautauqua County 4-H
Cloverbud Rabbit
Program Members

CLEMSON
UNIVERSITY
Modified from 2014

Clemson University Cooperative Extension Service offers its programs to people of all ages, regardless of race, color, sex, religion, national origin, disability, political beliefs, sexual orientation, marital or family status and is an equal opportunity employer.

Welcome to the 4-H rabbit project. The 4-H rabbit project is a wonderful project to learn about the care and maintenance of having a backyard pet. Keeping good records is an important part of your 4-H work. Accurate records will tell others about your work and progress and will help you learn more about rabbits.

As part of this project you will be required to fill out this project book and bring it to an interview judging at the Chautauqua County Fair in July. At the Fair you will present your completed project book to the judge, who will then ask you several questions about your rabbit and what you have learned from doing the 4-H backyard rabbit project.

If you have any questions about the 4-H rabbit project ask a Rabbit Project Advisory Committee Member.

Have fun learning about rabbits!

My Project Goals

Example:

- Learn something new (how to groom a rabbit, how to tell a male from a female)
- Do a demonstration on rabbits at my 4-H Club meeting
- Have fun

Write down several things you want to learn or do this year. Also think about how long it will take to complete your goal and who or what you will need to achieve your goal.

My 4-H Rabbit Project Record Book
