

WE NEED YOUR SUPPORT

Nutrition, Health & Wellness

Youth Development

Gardening and Horticulture

Dear Friends,

Greetings from Cornell Cooperative Extension of Nassau County (CCE Nassau). We hope you and your loved ones are staying healthy and safe and preparing for a wonderful holiday season. For many of us this past year has not been an easy one. The pandemic has certainly taken a toll on us all, collectively and individually, emotionally and financially. We grieve for those we lost and for the normalcy we can only hope to regain.

CCE Nassau has not been immune to the changes brought about by the pandemic. We have seen losses in funding, largely due to state and federal budget cuts. We also have seen a sharp decrease in operating revenues, primarily due to Covid-19 preventing the opening of our Dorothy P. Flint 4-H Camp for the 2020 season.

These losses will greatly impact programs across our association and hamper our ability to fulfill our important mission of promoting healthy lifestyles and communities across Nassau County and beyond. Unfortunately, those in most need of the services and programs we provide - the most vulnerable youth and seniors - will be the most greatly impacted by our loss of funding.

Through these difficult times the leadership of CCE-Nassau is determined to be creative and industrious in carrying on our mission. We hope to continue our many community-based education projects dealing with such areas as youth development, nutrition, wellness, environmental science, horticulture, and sustainable food systems.

But we need your help. We ask that you consider a contribution to help us sustain the organization that you and your neighbors have come to rely upon. You can help by making a donation, using the following link, "[Donate to Our Annual Appeal](#)" or by visiting our [website](#).

We wish you a joyous holiday season ahead, and thank you for your continued commitment to CCE-Nassau.

Sincerely,

David G. Rolnick, President, Board of Directors
Gregory M. Sandor, Executive Director
