Experiential Learning Model

```
DO

Experience
the activity; perform, do it

Apply
what was learned to a similar or different situation; practice

Generalize
to connect the experience to real-world examples

Share
the results, reactions, observations publicly

Process
Discuss the activity; look at the experience; analyze; reflect

Start with a
Concrete Experience

“Now What will we do with the learning?”

“Ask: “What happened?”

“Apply what was learned to a similar or different situation; practice

“Generalize to connect the experience to real-world examples

“Process Discuss the activity; look at the experience; analyze; reflect

“What was that like for you?”
“What did you learn?”

“So What does this have to do with real life?”
```
