QUESTIONS? CALL US! (518) 272-4210

Purpose: If you are currently a certified pesticide applicator in New York State, you may earn pesticide credits by attending one or more days of our “30 Hour Training Course.” This course will follow the familiar “core” and “category” manuals. The topics discussed and the number of credits offered each day will vary, so check the schedule on the reverse side of this page carefully.

How Are We Doing This? This class will be offered using Zoom, the cloud-based video communications app. You will need access to a computer with internet, Zoom, sound and camera capabilities. That means we will need to be able to see you and hear you through your computer or device. We will need to see you and your identification (such as a driver’s license) at the start of each day via video. We will also ask a series of questions during each class session, which you will have to answer, so that we know you are present, and we can therefore give you credit for attending the class.

Before you attend, make sure you have the free Zoom app. Visit: <https://zoom.us/>

Never used Zoom? It’s easy! Check out the tutorials on the Zoom App: <https://support.zoom.us>

Please send completed form and check payable to Cornell Cooperative Extension, 61 State Street, Troy, NY 12180, Attn: Marcie Vohnoutka. To pay by credit card, call (518) 272-4210 between 8 AM and 4 PM M-F. Deadline is January 27, 2021 OR WHEN CLASS IS FILLED. QUESTIONS? Call (518) 272-4210.
