

## 4-H Cloverbud Presentation Outline

### Ontario County

Positive youth development gives 4-H members an opportunity to participate in 4-H activities including public presentations. Cloverbuds typically participate in a “show and tell” presentation giving them the opportunity to talk about something they enjoy. Topic suggestions might include discussing their favorite toy, a trip they have gone on or something that is special to them. Cloverbud presentations only need to be a few minutes in length so they can begin to develop their confidence.

This is a guide for Cloverbuds to prepare their 4-H Presentation. These are only guidelines and can change depending on what topic is chosen. If the Cloverbud is showing how to do something (a demonstration) the words will be different than if they are talking about a toy or a trip (referred to this as an illustrated talk).

Please remember this is only a template for ideas. Be sure to change the words for individual style of speaking and make it appropriate for what is being discussed in the presentation.

Hello. Today I am going to talk about

\_\_\_\_\_.

I want to tell you about \_\_\_\_\_ because

\_\_\_\_\_.

A \_\_\_\_\_

can \_\_\_\_\_.

It can also \_\_\_\_\_

and \_\_\_\_\_.

Something else that my \_\_\_\_\_

does is \_\_\_\_\_

\_\_\_\_\_

\_\_\_\_\_.

I like to \_\_\_\_\_

because \_\_\_\_\_.

I hope you like hearing about my \_\_\_\_\_.

Thank you. Are there any questions?
