

Sensory Garden for Kids

Plants to foster the love of gardening in children

Tuesday

March 28th

6:00 pm—

7:00 pm

FREE!

Did you know that exposing children to a garden-based learning environment helps increase test scores in elementary aged kids?

Join us to learn 16 plant suggestions for kids!

This program will be a zoom class with a powerpoint presentation.

Please register through the following link:

https://cornell.zoom.us/webinar/register/WN_rKSs7smITJqHL4wvH8QoFg

After registering, you will receive an email confirmation and more details about how to join the webinar.
