SOCIAL MEDIA and NETWORKING

Social Media is not only a great way to keep up with friends and the latest news; it can also be a networking tool.

Networking builds relationships, aids in finding opportunities, grows your knowledge in businesses and can be beneficial to your career.

Have you ever heard the phrase; "it's all about who you know." Networking encourages you to meet more people and making connections you may not of had before.

Networking is not meant to be scary or stressful. It is meant to be a positive experience to help better yourself and position.

JASON

In our summer newsletter, we showcased Jason, successfully completed an On-the-Job training (OJT) with Willow Run. When we last highlighted Jason, he was working as a Truck Washer. He has since transitioned into a yard jockey position with Willow Run and obtained his CDL-A within the company. Jason will continue to work in the yard, with a plan to pick up line haul runs periodically, eventually applying for a driver position. We know that Jason will continue to grow and do great things!

ANIYAH

Aniyah was featured in "Success Stories" for our Spring Newsletter. Since then Anyiah completed her training in Phlebotomy. Not only did she pass the test at Broome-Tioga BOCES but also passed her State Phlebotomy Technician Certification Skill Competency Exam. Aniyah is currently looking for a phlebotomist position locally in Broome County. We can not wait to see what comes next for her. Congratulations Aniyah!
