Other	

1.   What skills did you learn or improve this year?

2.   What was your favorite part of this project?

4-H Targeting Life Skills Wheel Questions
Each 4-H member must complete 1 skills wheel and attach to 1 record

8-10 year olds - write a short paragraph about 30 words or less using the Targeting Life Skills Wheel to select **1** life skill you learned from this 4-H project and explain how the project taught you this skill.

11-13 year olds – write two short paragraphs about 30 words or less for each paragraph using the Targeting Life Skills Wheel to select **2** life skills you learned from this 4-H project and explain how the project taught you this skill.   The 2 life skills must be from a different category on the chart (Head, Heart, Hands Health) for example one from Head and 1 from Heart but Not 2 from Head or Not 2 from Heart.

14-18 year olds – write four short paragraphs about 30 words or less for each paragraph using the Targeting Life Skills Wheel to select **4** life skills you learned from this 4-H project and explain how the project taught you this skill. There must be 1 life skill from each of the 4 categories Head, Heart, Hands Health.
