## How to Bring Exhibits to the Fair

Is this your first year participating at the Saratoga County Fair? Here is what is needed to have an exhibit displayed in the 4-H Building at the county fair, step by step.

Step 1: Stop by the 4-H Office at 50 West High Street and pick up these 3 items; **a 4-H Exhibitors Handbook, entry forms**, and a handful of **exhibit tags**. Yellow Advance entry forms are needed for non-static exhibits (including all animals, pet care, group action booths, club exhibits, and Young Farmers Olympics).

Step 2: Read the rules in the Exhibitors Handbook on pages 2-3. Find the department the exhibit fits - for example, Pet Care is Dept. 12. Read the bulleted general rules for the department found directly under the title.

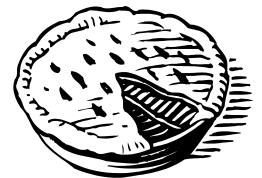

Select the section and class, follow the rules there as well.

For example, Pet Care is Dept. 12 Section A, Class 1

Step 3: Using the Exhibitors Handbook, fill out the **entry form**. List all the items to be exhibited.

Step 4:

- Fill out an **exhibitor's tag** for each exhibit; Name, Town and Club.
- Use the entry form to fill in **Dept., Section, and Class**.
- Under **Exhibit**, write the name or a brief description of the item.
- Add the **Variety** for vegetables and flowers and photographs.

Step 5: Attach the entry tags to the exhibits. Use pins for garments, tape on flat objects such as photos or drawings, or punch a hole in one corner of the entry tag and use string to tie it on.

Step 6: **Saturday, July 15th, 9:30am- 4:00pm is County Fair Exhibit Judging Day.** Bring the exhibits and the paperwork to the 4-H Building at the Saratoga County fairgrounds. At the end of the judging process, turn the entry form in at the table in the center of the building and get a fair pass. Keep your copy of the entry form. The exhibits will be left at the 4-H building and be displayed during the fair, July 18-23. **\*Please note - yellow advanced entry forms are turned in directly to the CCE office by July 7th - no exceptions!\***

Step 7: After fair, stop by the 4-H Building Monday, July 24th, 9am - 6pm, and pick up the items. Helpful hint bring the original entry form with the list of fair items to remember all of your items.

***If you are confused or have any questions, please call us at the office at 518-885-8995.***

## County Fair Animal Health Considerations

Showing animals at the County Fair presents a risk for disease transmission. Proper precautions taken before, during, and after the fair can help to decrease an animal's exposure to infectious disease, and help to protect your animals at home as well.

Before the fair, make sure that animals have all required vaccinations, complete any tests required for your particular species, and be sure that you have all of the necessary documentation. Try to minimize stress on the animals and offer the same feeds that you will be taking to the fair. Transport your animals to the fair in clean trailers and avoid the use of commercial trailers.

During the fair, be sure that your animals always have fresh water available and continue the same feeds that were being used at home. Provide plenty of clean bedding as required for each species. As much as possible, do not allow nose to nose contact with animals from other farms, do not share equipment, and use only buckets and tubs from your own farm. For milking animals it is best to use your own milker claw in common milking parlors. If you bring your own milking unit, do not allow others to use it.

After the fair isolate show animals from the main herd for 3-4 weeks upon return. Use separate tools and feed equipment while caring for returning animals, and modify the work routine so that they are taken care of last, potentially stopping the spread of contaminants to other animals. Monitor the animals for signs of disease such as fever, diarrhea, skin abnormalities, heel warts, mastitis, or abortions, while minimizing stress as much as possible. If the home herd or flock is up to date on all vaccinations, it will lessen the chance of a disease outbreak due to infection carried home by show animals.

Do not make the mistake of exposing your entire herd or flock to the threat of disease brought home from the County Fair. The fair lasts for six days, but the ramifications of a disease outbreak could last much longer and perhaps cost many dollars to rectify.

**Youth and Adults Welcome!**

# **Attention 4-H Shooting Sports Youth and Families!**

## **Signup to Help 4-H Shooting Sports at the Saratoga County Fair!**

Each year, Saratoga County 4-H Shooting Sports operates both the Archery and Air Rifle Booths. These booths not only provide an opportunity for fairgoers to have a first hand experience with 4-H Shooting Sports, but is also one of our biggest fundraisers of the year. These booths are staffed entirely of youth and adult volunteers. Roles include:

**Youth instructors:** Youth work with Certified Adult Instructors to teach fairgoers safe and proper technique.

**Youth assistants:** Youth will help interact with fairgoers, reload magazines, replace targets, and a variety of other tasks that fit their experience and personality.

**Adult Instructors:** Adults who have completed a 4-H Shooting Sports Instructor training are needed to help instruct fairgoers and supervise youth instructors.

**Adult Assistants:** Any adults are invited to help with the booths. We need adults who can interact with fairgoers and collect donations. Only adults are allowed to handle monetary donations, so it is important that we have someone for each shift.

Shifts are 4 hours long, and you may work as many shifts as you'd like. Each volunteer receives a fair pass for the day of their shift, and a free meal at the 4-H Snack Bar for each shift they are working. It really is a great way for youth to build confidence and make friends with other 4-H'ers who enjoy shooting sports. It's also an opportunity for adults to connect with their youth and others, and also meet other adults who have a passion for 4-H Youth Shooting Sports. Many clubs have been joined or started by conversations had at the Fair Shooting Sports Booths.

To sign-up, please visit: <https://signup.com/go/jeRZeSx>

Again, feel free to sign-up for as many shifts as you'd like. If you are a parent who would like to volunteer, but is not enrolled as a 4-H volunteer, please sign-up and shoot me an email so I can get the volunteer paperwork taken care of.

## Do You Have What It Takes to Be a Junior Superintendent? Looking for Youth and Adults!

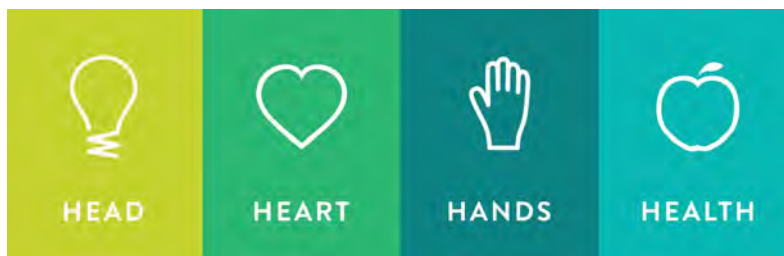

There are so many ways to be involved at the Saratoga County Fair, and one of the best is to be a Junior Superintendent (for youth) or a Building Helper (for adults). Junior Supers help keep our building tidy and welcoming by sweeping, watering plants and interacting with Fairgoers. Adult helpers help by supervising the building and answer questions from fairgoers.

Additional help is needed from youth. Helpers are needed for the Animal Sciences portion of the fair. These helpers assist in barn chores and help during the animal shows. It's a great way to share your passion for 4-H Animals!

Sign-up to be a Junior Superintendent or Adult Helper today!

### —Helmets —

The weather is beautiful and we are all out riding when ever we can. Show season is here and we are all in a rush to get horses cleaned tacked and to get in the saddle. Next time you run out of the barn to go for a ride don't forget your helmet!

- Horseback riding carries a higher injury rate per hour of exposure than downhill ski racing, football, hang-gliding and motorcycle racing.
- Head injuries are the most common reason for horse-related hospital admissions. Helmets can reduce this possibility by 70-80%.
- Each year approximately 70,000 people are treated in emergency rooms because of equestrian related activities.
- The American Medical Equestrian Association calculates that ASTM/SEI approved helmets have reduced all riding-related head injuries by 30% and severe head injuries by 50%.

### Signs That May Indicate Your Helmet is Too Big:

- Helmet wiggles when you move your head from side to side or back and forth.
- Your eyebrows do not move when you wiggle the helmet with your hand.
- The helmet obscures your vision.

### Signs That May Indicate Your Helmet is Too Small:

- The helmet leaves a line on your forehead when you take it off.
- Wearing the helmet for more than a few minutes gives you a headache.
- The helmet is sitting up too high on the top of your head, leaving most of your forehead exposed.

Did you know that all leaders in Saratoga County 4-H are members of the Leader's Association? That means that many of you receiving this Highlights are already members. Please consider becoming more active by attending meetings ( 5 a year) or helping out when you get the call.

## 2023 4-H Scholarship Golf Classic, a HUGE Success!

On June 3, 2023 we had a beautiful day at the 4-H Scholarship Golf Classic! An amazing 140 golfers participated in this year's event! This year we made over \$15,000. The most successful tournament to date. We appreciate all of the support from our sponsors and donors. The 4-H office would like to send a special thanks to our golf committee: Joanne Peck Donnan, Mary Fairley, Jody Pitman, Cathy White, Carol Bayer, Lisa Russell, Laura and Mackenzie Macey. And our sub committee member (ha ha) Joan Rowland for all she did. Your commitment to 4-H in Saratoga County, is second to none! We'd also like to thank the many sponsors, donors, players, and 4-H volunteers. Without your help this event would not have succeeded. Plans are already underway for next year's tournament. We have tentatively booked the Fairways of Halfmoon for June 1, 2024 for our **23rd Annual Golf Classic**. We are always looking for new volunteers to join our committee. Please look for upcoming planning meetings in future additions of Highlights.
