## **4-H Families Help is Requested Tractor Supply Spring Paper Clover Fundraiser April 27 – May 8**

4-H families are needed to help sell Paper Clovers. Customers at local Tractor Supply can support 4-H by purchasing paper clovers for \$1. Funds raised during this event help support various activities in Steuben's 4-H Program such as: 4-H Camp Scholarships, Capital Days trip, Career Exploration trip, curriculum, etc. Having more 4-Hers in stores during the event helps raise more money for the Steuben County 4-H Program and/or your 4-H Club. Remember, pair it up with a bake sale, petting zoo, or other activity to help get donations for your club too! As an added incentive this year, Steuben County 4-H program will give \$50 to the club that

sells the most Paper Clovers during this Spring Sale. Besides helping raise money for your local 4-H Program, you can also be entered into Tractor Supply's Paper Clover Sweepstakes, ask the store manager for more info!

Please contact Jenny or Michelle at the CCE Office so we can make sure we have representation at all three stores and also contact the specific Tractor Supply Store manager to notify them that you will be coming and make any necessary arrangements - Bath Store: 607-664-1222, Hornell Store: 607-324-9434, and Painted Post Store: 607-962-2606. If there are other times 4-H Clubs would like to set up a display at their store you can also contact them. Clubs would receive 4-H on Display credit if they set up a display and complete the display record.

## Bake Sale Fundraiser Info:

The NYS Health Department office will no longer be issuing food permits for bake sales when the baked goods are prepared in private homes.

They recommend that the baked goods be prepared in a regulated kitchen.

However, you may still hold a bake sale with baked goods prepared in private homes providing that:

- The bake sale is held by a religious, fraternal or charitable organization.
- You sell only non-potentially hazardous baked goods such as cookies, cakes and pies that do not require refrigeration.

In addition, they recommend that you post a clearly visible placard at your bake sale informing consumers that food has been prepared in a kitchen that is not subject to regulation and inspection by the Health Department. For a sample placard contact the CCE Office.

They also recommend that the members of your organization avoid bare hand contact with the baked goods. This can be accomplished by using utensils, napkins, plastic gloves or similar methods.

### Leasing Show Animals for County Fair

**\*\*\* Leasing forms do not enter your animal in the fair.\*\*\***

The non-ownership policy allows 4-H members to designate as their 4-H project animal one (beef, sheep, swine), or two (dairy cattle, goat) non-owned breeding animals. **Market animals are not eligible to be leased.** This allows the 4-H member to show the non-owned/leased animal(s) in its corresponding conformation class.

- The philosophy of Non-Ownership is to give a youngster the opportunity to experience the responsibility of caring for, and showing an animal (that he/she may not otherwise have.)
- Non-Ownership is **not** available to youth already owning an animal of that species. Youth are limited to **one (beef breeding, sheep breeding, swine breeding,) and 2 (dairy cattle, goat.)** non-owned animal(s) per species. The leasing agreements are between the owner of the animal and the 4-H member. *Please note: For beef breeding A leased cow/calf pair is considered to be one animal. Dual designation of one animal is not permitted for dairy cattle and dairy goat. It is also recommended that for dairy and goat leased animals that they are not in the same age class so that the 4-H member can show both of them. Youth who do not own any goats are permitted two non-owned goats. Non-ownership is also available to youth already owning meat or dairy goats but is limited to one (1) leased animal of the*

*other type. E.g. If you own a dairy goat, you may lease one (1) meat goat. If you own a meat goat, you may lease one (1) dairy goat.*

- These non-owned animals **must** meet all regulations (i.e. registration, health, etc.) pertinent to that species. In addition, exhibitors must supply a non-ownership certificate that is available at the Cornell Cooperative Extension Office.

**This certificate must be filled out, have all the proper signatures and be on file at the CCE Office by June 20 for beef, sheep, swine, meat goat, dairy cattle and dairy goat.**

**Leasing forms do not enter your animal in the fair.**

To obtain the leasing form visit the forms page at [www.putknowledgetowork.org](http://www.putknowledgetowork.org) or contact the CCE office.

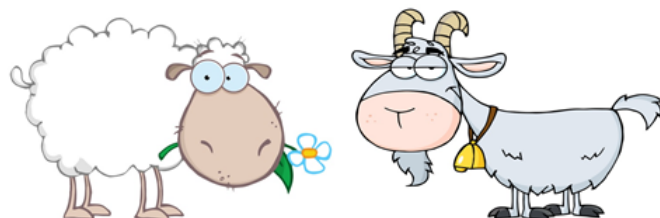

For the 4-H member to receive county fair premiums, project completion and to be eligible to for project champion, the 4-H member must fill out a complete project record and return it to the CCE Office by Monday, September 19, 2021

## **2022 Animal Health Requirements for Admission to NYS and County Fairs**

A link to the 2022 Animal Health Requirements and interstate health requirements for Admission to NYS and County Fairs can be found at [https://agriculture.ny.gov/system/files/documents/2022/02/fairhealthrequirements\\_0\\_0.pdf](https://agriculture.ny.gov/system/files/documents/2022/02/fairhealthrequirements_0_0.pdf) or contact NYS Department of Ag and Markets at 518-457-3502 or contact your local veterinarian.

Please make sure you know the 2022 Health Requirements. **Read the Health Requirements on the CCE website or read the County Fair Book for health regulations for each species. It is your responsibility to meet the health regulations. The regulations will be enforced for the protection of all exhibitors. If you have questions, contact the CCE Office. **All cattle, sheep, swine, and goats exhibited at County Fair must have a valid Certificate of Veterinary Inspection (CVI). For New York State Animals the CVI must be issued by an Accredited Veterinarian on or after May 1 of the current year.** Each animal must be individually and positively identified on the CVI. **There are no exceptions.** Contact your veterinarian to arrange for your CVI.**

**ALL CATTLE (beef and dairy), llamas and alpacas** regardless of age that will be exhibited at New York State County Fairs or State Fair **must be negative to an approved test appropriate to detect BVD-PI (Bovine Viral Diarrhea persistent infection).** The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, the identification of the animal and recording the test date on the CVI. If a previous test is not verifiable the test must be repeated.

**All sheep or goats exhibited at the Steuben County Fair, must be identified with USDA approved individual scrapie program identification.**

**All animals consigned to the Market Animal Sale must comply with all drug withdrawal requirements. If your market animal does not adhere to the proper withdrawal time when the market animal arrives to be weighed in then the market animal will not be allowed to be exhibited in its 4-H market class. *Notify your veterinarian that your animal is consigned to the sale before starting any drug treatment.***

State Veterinarians are responsible for reviewing all “certificates of veterinary inspection” (CVI) for compliance with state regulations and for verifying individual identification of exhibited animals presented on a valid CVI. A CVI is required for cattle (beef and dairy), goats, sheep, and swine.

Your CVI **must accompany the animal upon arrival to the Steuben County Fairgrounds.** Do not drop your animal off at the fairgrounds without the CVI with the animal. Send your CVI with your trucker if you are arriving after your animals. **Also it would be extremely appreciated if the 4-H member was available to present your animal to the person inspecting your CVI.** The person inspecting your animal must match your animal's identification to the CVI.

### **Soremouth in Sheep and Goats**

Sheep and goats with lesions characteristic of Soremouth are not allowed to be exhibited. If evidence of soremouth is found on any sheep or goat, the entire exhibit including the affected animals shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.

## **Project Record Requirement**

If you fail to meet the September 19<sup>th</sup> deadline or the record is incomplete, fair premiums will NOT be awarded for that project. For example: If you are showing a market lamb and a breeding ewe then you must complete the market lamb record AND breeding ewe record to be eligible to receive your Fair Premium for each project. If you show 2 dogs you will be required to turn in 1 dog record. This is the same for **all project, animal and non-animal.** **Note: To obtain your 4-H Project Record visit the web, or contact your 4-H leader, or stop at the CCE Office. **\*\*LATE RECORDS WILL NOT BE ACCEPTED\*\* MARKET ANIMAL EXHIBITORS: If you sell your animal through the 2022 4-H & FFA Market Animal Sale you are required to turn in a record for that project to be able to ID a market animal the following year.******

## Steuben County 4-H Members Participate in Ice Fishing Workshop!

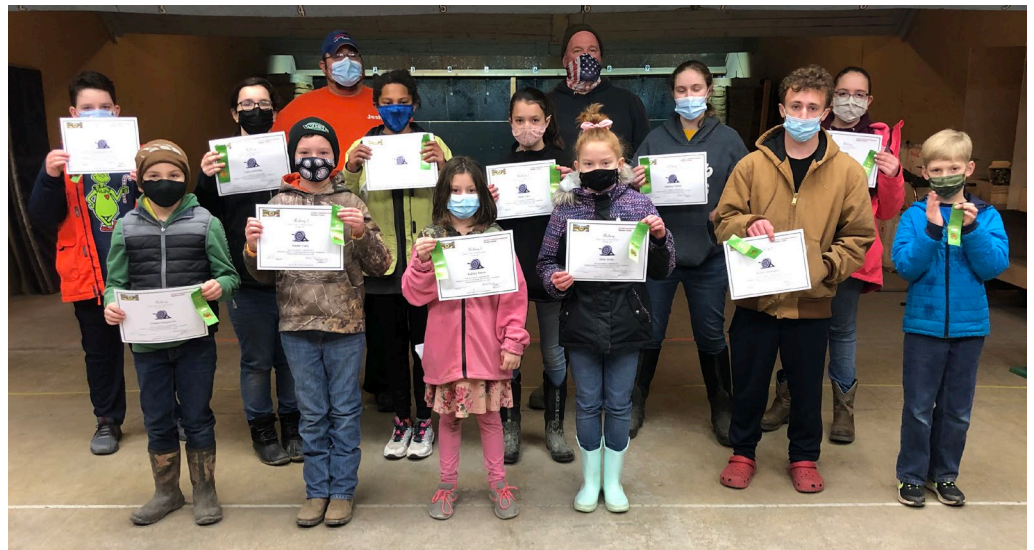

Free Fishing Weekend in February was the perfect opportunity to introduce and try some ice fishing on Keuka Lake! Fifteen 4-H/parent teams braved the weather and learned some basics about ice fishing. Our volunteer ice fishing experts taught the participants about ice safety and the equipment needed. Next, the whole group traveled out onto the ice and learned how to drill holes with a hand auger. Everyone was

given a pole (even adults if they wanted) and some bait to put on their hooks. The introductory workshop was a huge success, with everyone interested in trying it again! Doc's Tackle and Tell Them Where You Got It donated items and bait for the kids to use and take home. It may have been cold that day, but smiles all around!

## Steuben County 4-H Shooting Sports Classes Resume

4-H Shooting Sports is a comprehensive non-formal education, recreation, and competitive program focused on Positive Youth Development. 4-H Shooting Sports programming utilizes the safe and responsible use of firearms to address youth social issues related to STEM, health living, and civic engagement. In doing so, the 4-H shooting sports program provides opportunities for youth to gain valuable skills, practice leadership, and build relationships with non-parent adults. These three critical factors are the building blocks that enable youth to achieve mastery, feel a sense of belonging, explore independence, and act generously. When youth are engaged as resources worthy and capable of development, rather than objects to be fixed, they become competent, confident, connected, caring, character driven, and contributing members of society.

Steuben County 4-H's first several shooting sports class of 2022 have all been held January through March at the Bath Rod & Gun Club.

Archery Class was in January with 12 Children finishing the class. The children learned the basics through some advanced techniques on improving their aim and follow through. We are looking at having another class soon, so the children can look at the difference between shooting archery indoors versus outdoors.

Steuben County Instructors went to state training in February to get certified in new disciplines to bring back to Steuben County. 2 teachers, 3 instructors, and one new junior instructor represented Steuben County for the weekend in Ballston Spa.

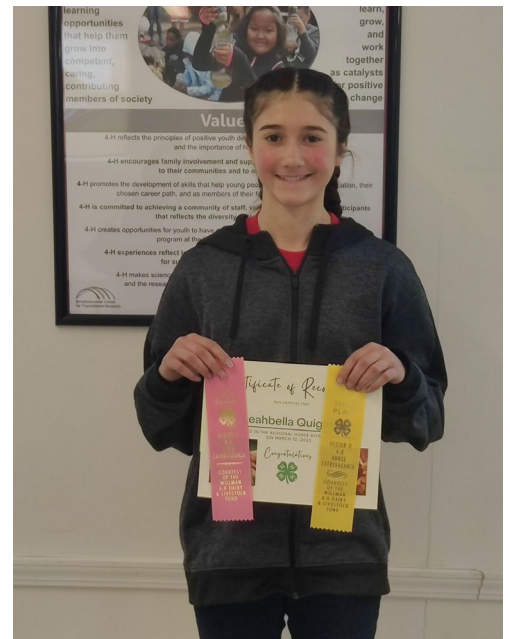

Shotgun class was held in March with 5 children finishing the class. Weather didn't stop the successful learning of how to use a shotgun properly and safely. A huge thank you to the Bath Rod and Gun for letting us use their amazing facility.

## **ABC Trip**

By Alex McCarthy

The ABC trip is held in the Cobleskill, New York area and is jointly sponsored by New York State 4-H and New York State Farm Bureau and includes 4-H members from throughout the state. 4-H youth explore the great diversity of agri-business related careers available in New York. Award winners may visit such businesses as a veterinary hospital, carrot farm, tree nursery, dairy farm and border collie operation. This trip also features insights into opportunities in natural resources and the academic requirements for professional positions in the agri-business world.

This year, the ABC trip was on October 22 at the Cobleskill SUNY college. During the trip I had great time learning about Cobleskill and the types of Agriculture opportunities the college has to offer to a student. One of my favorite things about this trip was getting to see all the livestock. The trip provided educational opportunities for visitors and the tour gave us an overview of the career training offered for incoming students. The campus tour was great and the tour guides took us to see the livestock they explained how the students take care of them and how they are using for learning opportunities. During lunch campus staff answered questions that parents and 4-hers had about going to Cobleskill.
