# Master Gardener Volunteer Site Visit Program

**Need Gardening Advice?**

- Are you a new homeowner who feels “clueless” about what’s in your garden?
- Do you need a fresh approach to garden maintenance?
- Do you want to support pollinators and environmentally friendly gardening practices?
- Are you overwhelmed by lawn or garden maintenance?

# Master Gardener Volunteers On-Site

**Cornell Cooperative Extension of Westchester County Master Gardener Volunteers offer an AT-HOME lawn and garden education service through its SITE VISIT PROGRAM.**

## Learn how to:

- select the right plant for the right place
- choose alternatives to invasive plants
- grow native plants and support pollinators
- prune and deadhead
- grow vegetables
- be a better gardener...right in your own yard

A CCE staff member will contact you to make an appointment for the site visit based on your schedule and Master Gardener availability and location. *Please give us at least 2 weeks' notice.*

A team of two or three Westchester County Master Gardener Volunteers will visit your garden to help you find solutions to horticultural problems. The team will spend approximately one hour on-site. A written report containing recommendations will follow including pertinent Cornell Cooperative Extension bulletins.

## Cost

The fee is \$180, payable at the time of service. Please make checks payable to: Cornell Cooperative Extension of Westchester County.
