

Niagara County 4-H **FEBRUARY CLOVER SCENE** Newsletter 2024

What are the 4-H Standards of Recognition?

4-H Standards of Recognition is a tool to help individual members set and achieve goals and are part of our recognition model. Recognition is an important part of the 4-H experience; it helps master skills and knowledge by providing feedback on progress towards goals. It also encourages 4-H project record keeping. Here's how it works:

At the beginning of the 4-H year, youth decide which level of recognition they would like to accomplish. The levels are "Learn By Doing", "Making the Best Better", "Heart of 4-H" and "Grow a True Leader". There are also 4 levels for Cloverbuds: "Head", "Heart", "Hands" and "Health". To help youth decide, they should review the [Standard of Recognition performance measure chart](#) with their parent or club leader. The chart outlines what a member needs to do in order to achieve each level of recognition. For example, if a 4-H member wants to achieve the "Learn By Doing" standard, he/she would need to plan to do the following throughout the course of the 4-H year:

1. Complete 4 projects from at least one 4-H project area or more
2. Exhibit at least 2 entries at the 4-H Fair
3. Participate in at least four 4-H activities or competitions
4. Complete 2 hours of Community Service
5. Write 3 things youth learned through the 4-H projects that they participated in
6. Participate in club or county 4-H Public Presentations

For more information please go to our website to see all the Standards of Recognition levels along with the application. <http://cceniagaracounty.org/4-h-youth/forms/scholarship-award-forms>

The Northeast Herd makes tie blankets that are donated to the Niagara County SPCA every year. They also make Christmas cards for nursing homes and this year they did a small animal visit to Elderwood at Wheatfield on Martin Luther King Day. The kids and residents had such a great time with so many smiles going around.

Awesome job Northeast Herd!
