Choose your program and schedule your trip at https://reg.cce.cornell.edu/tt2024_230

#1 Lost Ladybug
Available May- June

Search the grounds and help Scientist learn why the NY State Insect, the Nine-spotted Ladybug hasn't been seen in NY in over 20 years. Learn about life cycles, habitat destruction and introduced species. 45 min.

Followed by a Walk in the Woods
45 minutes

#2 Three Sisters Garden in a Bucket
Available May-June

While supplies last ... Participating youth will learn how to plant and care for plants. Each child will take home their own Three Sisters Garden in a bucket. 45 min.

A Walk in the Woods
A scavenger hunt along our NATURE TRAIL will be used to introduce students to the wildlife, habitats and ecology of Northeastern, NY . 45 min.

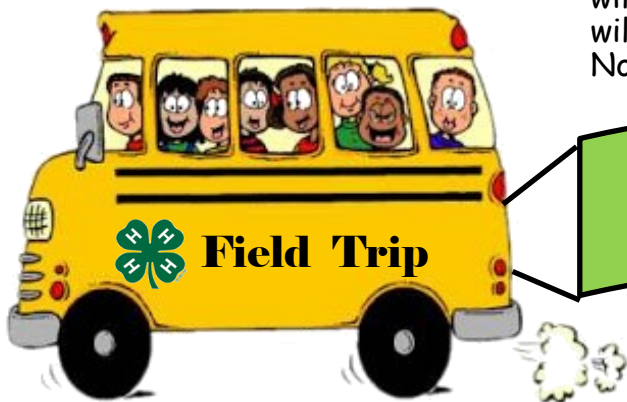

#3 Honeybees & Beekeeping
Available May-June

Students will have the opportunity to view a live educational indoor beehive and take part in an interactive play. They will learn about the different roles of the Honeybee, how a beekeeper collects honey from a hive and about the vital role the Honeybee has in our food chain. 45 min.

Followed by a Walk in the Woods
45 minutes

\$5 Per Student Field Trip
