NY FarmNet Free Webinar: Retirement Accounts for Farmers

October 8th 1pm-2pm

Most farmers don't have retirement savings outside the farm. That makes it tough to retire and even harder to pass the farm on. This webinar will show you why retirement accounts matter, how even small contributions make a difference, and which accounts fit your situation. We'll also bust some common retirement planning myths.

Attendees will learn:

- Which retirement plans work best for farm businesses
- How tax credits can offset startup and employer costs
- How to use different investment types for long-term security
