To the fullest extent permitted by applicable state law, a Waiver of Subrogation Clause shall be added to the General Liability, Automobile,

Excess or Umbrella Liability and Workers Compensation policies in favor of Owner, and this clause shall apply to the Owner's and Owner's officers, agents and employees, with respect to all Projects during the policy term.

**3. Time of Performance**

- a. Contractor will commence Work when directed by Owner and will proceed with the Work in a prompt and diligent manner in accordance with the Project Schedule attached to the individual Work Order, as such Schedule may be amended from time to time by Owner. **TIME IS OF THE ESSENCE.** Contractor shall be entitled to additional compensation for compliance with Schedule amendments only to the extent, if any, that Contractor receives reimbursement from the Owner.
- b. Contractor shall submit a detailed schedule for performance of the Work for each Project, in a form acceptable to Owner or Owner's Engineer, Architect or other designee, which shall comply with all scheduling requirements of the Contract Documents and with Paragraph 3.a. above. Contractor shall immediately perform the Work as changed without delay.
- b. Contractor shall submit in writing to Owner, along with substantiating evidence deemed satisfactory by Owner, any claims for adjustment in the Subcontract Price, Project Schedule or other provisions of the Work Order claimed by Contractor for changes directed by Owner, or for damages for which the Owner is liable, or as a result of deficiencies or discrepancies in the Contract Documents ("Owner Claims"), at least five (5) business days prior to the time specified in the Contract Documents, otherwise such claims are waived. Contractor shall process said Owner Claims according to the provisions of the Contract Documents so as to protect the interests of Contractor and others, including Owner. Contract adjustments shall be made only to the extent that Contractor receives relief from or must grant relief to Owner and then only based on Contractor's allocable share of such relief. Contractor's allocable share shall be determined by Owner, after allowance of Contractor's normal overhead, profit and other interest in any recovery, by making a reasonable apportionment, if applicable, among Contractor, Owner and other Contractors or persons with interests in the adjustment. In no event shall the Owner become or be liable to the Contractor on account of any such Owner Claims in excess of the amount actually received by Contractor from Owner on account of such claim. It is expressly acknowledged that receipt of payment by Contractor from Owner on account of any such Contractor's Owner Claims is an express condition precedent to any obligation of Owner to pay such claims. This paragraph will also cover other equitable adjustments or other relief allowed by the Contract Documents.
- c. For changes ordered by Owner or the Contract Documents, Contractor shall be entitled to an equitable adjustment of the Contract Price or Project Schedule, or both, to the extent that impact can be substantiated to the Owner's satisfaction.

- b. In the event of termination for default, Owner may, at its option, (1) enter on the premises and take possession, for the purpose of completing the Work, of all materials and equipment of Contractor, (2) require Contractor to assign to Owner any or all of its Sub-

Contracts or purchase orders involving the Project or other Projects in the event of a termination of the Contract; or (3) complete the Work either by itself, or through others, by whatever method Owner may deem expedient. In case of termination for default, Contractor shall not be entitled to receive any further payment until all Work shall be fully completed and accepted by Owner.

In case of such dispute, Contractor will comply with all provisions of the Contract Documents allowing a reasonable time for Contractor to analyze and forward to Owner any required communications or documentation. Owner will, at its sole option authorize Contractor to present to Owner, all of Contractor's claims and involving Contractor's Work, whenever Owner is permitted to do so by the terms of the Contract Documents. If such dispute is prosecuted or defended by Owner, Contractor agrees to furnish all documents, statements, witnesses, and other information required, and to pay for all costs, including attorneys' fees, incurred in connection therewith. The Contract Price shall be adjusted by Contractor's allocable share determined in accordance with Article 4 hereof.
- b. With respect to any controversy between Owner and Contractor, the Contract Documents or an Owner Claim, Owner shall issue a decision which shall be final and binding unless, within five (5) days of receipt, the Contractor files a notification in writing of its intent to litigate the controversy in accordance with Paragraph 6.d. Notification of any such claim under this Paragraph 6.b. must be submitted in writing within ten (10) days of Contractor's awareness of the facts underlying the claim. Failure of Contractor to submit timely its notice of claim or notice of intent to litigate shall constitute an absolute bar and complete waiver of Contractor's right to recover on account of such claim.
- c. Subject to Contractor's compliance with such notice requirements, either party may request non-binding mediation of non-Owner Claims with a mediator to be agreed upon by the parties, and shall pursue resolution of their dispute in good faith through such mediation. If the Contract or any Work Order is terminated for convenience, the Contractor shall be paid the amount representing costs which are due from the Owner for its Work, as provided in the Contract Documents. The Contractor's remedy under this Article 7 shall be exclusive and in no event will Contractor be entitled to recovery of any anticipatory profits or damages.
