Questions

There are a lot of things you could do this coming summer. What is your interest in this experience? Whose idea was it?

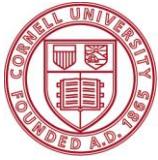

Can you describe to me what good traits a leader should have?

Please give an example of something that you are proud of; for example, maybe something challenging, that you were able to do because of hard work, persistence and being responsible?

If you have participated in this camp - or any other camp experience - what specific fond memory do you have of camp?

Successful LIT's are enthusiastic about Summer Camp's mission and activities, and share that positive energy with Camp Staff and Campers. Do you consider yourself this type of person? If so, explain.

Is there any other information that you would like to add that would help us make our decision?
