

# FIX-IT-DAY

**FREE EVENT FOR YOUTH & FAMILIES!**  
**SUNDAY, 2/22/26**  
**1:00 – 4:00 PM**

## What is Fix-It-Day?

Onondaga 4-H and McClurg Remodeling are generously being hosted by the Most Holy Rosary School to offer a free drop-in program focused on building skills around mending and repairing everyday items. Through trial and error and tinkering, youth and families will build their confidence and practice important skills, like problem solving, patience, and persistence!

Experienced tradespeople from McClurg Remodeling will run various stations to support families in their fixing efforts. Families can bring in small, carry-in items or a picture of an item needing fixing. This is a learning event, and families will be guided through the repair so they can learn by doing!
