Date of Expense	Description of Expense	Cost of Expense
Total Expenses:		

Health Record

Record all treatments given to your project animals, including vaccinations, deworming, vitamin injections, if your animal fell ill, etc.

[illegible]

Break Even Price & Market Value Worksheet

Use the form below to estimate the price per pound you need to receive at Auction to break even on your market animal project.

Total Expenses: \$ _____ = E (Use Total Expense from Expense Record page)
Estimated Finished Weight: _____ lbs. = W (Estimate what you think your project animal will weigh at final weigh-in)
Break Even Price = E/W = \$ _____ Per Lb. (Take the Total Expenses divided by Estimated Finished Weight to find out the price per pound you would need to cover all your expenses from raising your project animal)
Current Market Price: \$ _____ Per Lb. Where did you find the Market Price? _____
Market Value of Your Project Animal _____ Estimated Finished Weight X Current Market Price per lb. = _____ Market Value

Reflection:

1. Would you make a profit selling your project animal at market price? YES NO

2. What would you do differently if you were selling your market animal in the open market?

Project Participation

List the Educational events, meeting, shows, clinic, contents, etc that you participated in.

Date	Event/Activity Description
