### **Rural Landowners Workshop (RLOW)**

On Saturday, March 7, Cornell Cooperative Extension will be sponsoring the 33rd Annual Rural Landowner Workshop. The program will begin at 9:00 AM and end at 3:00 PM. Following the opening session there will be 3 concurrent sessions with multiple classes per session to choose from.

The Rural Landowner Workshop is a regional program involving several agencies that provide educational information and outreach to landowners. Presenters are brought in from both private and public sectors to provide participants with up-to-date information.

### **Tile Drainage Survey for Farmers**

Farmers are invited to respond to a survey about tile drainage practices and benefits on farms in New York and Vermont.

The goal of the survey is to understand the extent of tile drainage on farms, the ways and reasons it is utilized on farms, and the benefits and challenges of this practice to crop production and related field practices.

Feel free to share with other farmers in your network!

### **NYSDEC How To Get Certified Course**

This is a 2 hour course instructed by the NYSDEC in preparation for the pesticide applicator test that will be given the following week at the same location on March 10 at 10 am.

Attendees will be able to register for the test by attending this course. A notary will be on-site for notarization of documents. Click the link to learn:
