Moments

Every year SUNY Cobleskill holds a 4-H Agri-Business Career Conference. This year Wayne county had the pleasure of sending 4 teens to participate.

The Conference is a great opportunity for teens to explore different careers in agriculture in Plant Science, Vet Science, Equipment.

The youth choose from visiting a horse farm, dairy processing plant, a dairy farm, canine center, visit with a vet among others.

Ethan, Evan, Leeann and Lillie really enjoyed the event! "I enjoyed the campus and the programs it had to offer," says Leeann.

Lillie states, "I had an amazing experience. The conference was a great hands-on experience with activities like team building and tours allowing us to explore what we want to do after graduation. A very worthwhile event."

Ethan says, "The conference was really fun, I enjoyed meeting new people & learning about different careers related to agriculture."

If you are interested in going to any of the trips we advertise please let us know so we can let you know about scholarships along with registration.

Last Month's Events

November was a busy month with Produced in New York and Open House/Holiday Special.

Produced in New York was a great day where we had 8 youth demonstrate recipes to the residents of The Terrance Assisted Living Center in Newark. 4-Hers got to visit with residents and share their 4-H stories and got to hear about the residents' memories of 4-H! Such an amazing event and great food shared!

Open House was a great event as well with many clubs and new members coming and doing crafts and learning about 4-H! Keep an eye out for upcoming events and hope to see you soon!
