

Westchester County

4-H Interest Form

Any boy or girl, 5 to 19 years old willing to follow the 4-H ideals and standards may join or form a 4-H Club (you must be 5 years old as of January 1st of the current 4-H year, October 1 through September 30). Each club has 5 or more youth working under the leadership of at least 2 parents or other adult volunteers and meets year round. Members participate in projects in small groups or individually. Cloverbud clubs explore many interests. For members 8 years and older some focus projects are 4-H animal science, photography, plant science, public presentations or robotics. You may participate in more than one project and more than one club.

Cloverbud clubs—Ages 5 to 7 years

Youth clubs—Ages 8 to 19 years

Clubs may meet in libraries, parks, schools or in approved community sites. All clubs join together at 4-H Fairs and other 4-H community events.

It is possible to create a club that would meet during an after school program (or any “out of school time” program) under the guidance of staff at that site. Youth would participate in 4-H activities led by program staff or other adult volunteers.

To create a new club, find at least 4 friends, about your age who are interested in joining 4-H. A club needs 2 adult leaders who are usually parents of club members. Contact the CCE 4-H office for assistance in starting a new club. Club programs have structure, guidelines and goals.

If you are interested in joining 4-H please enter your contact information and check the space in the list below. Email this to Steve Soltish at sds293@cornell.edu or mail to 4-H Youth Development, CCE Westchester County, 3 W. Main Street, Suite 112, Elmsford, NY 10523. Someone from the office will contact you.
