JOIN US FOR A DISCUSSION ABOUT

TURTLE EXCLUDER DEVICES IN THE SUMMER FLOUNDER BOTTOM TRAWL FISHERY

MARCH 19, 2026
11:00–2:00 PM

In-Person or Virtual

Virginia Tech AREC, Hampton, Virginia
Lunds Fisheries, Cape May, NJ
CCE, Riverhead, NY
Superior Trawl, Narragansett, RI

FISHING INDUSTRY INPUT IS NEEDED!

- Review TED designs in current regulations.
- Hear from NOAA Staff on latest data on Turtle populations and bycatch in the Summer Flounder fishery.
- Provide on the water knowledge and industry input about turtle interactions and TED usage.
- Provide TED configuration input for new flexible design to work effectively on net reels.
- CCE presents research results using TED's in the inshore squid fishery.
