Backporch produce is a small, woman owned and operated USDA Certified Organic vegetable and limited small animal farm. We originally started as a simple backyard garden that has grown in size over the last 6 years to become what is referred to as a “Market Garden”. We provide fresh vegetable access to local farmers markets, restaurants and CSA (community supported agriculture), and are hoping to participate in a local farm to school program during the 2020 season. We use sustainable methods so as to not overwork the soil, often using permaculture methods and limited tilling.

New Starts Farm
