

Bulb Planting Garden Workshop

64 Ferndale-Loomis Rd., Liberty, NY
October 28th
5:00pm-6:00pm

As the growing season comes to an end, let's get a head start on next season by planning for spring 2027!

Learn which flowering bulbs are pest resistant, when to plant, and when each will bloom. We'll be focusing on garlic and flowering bulbs that bloom throughout the year from March to September.

Plan to get your hands dirty for this interactive experience and hear about the elements of garden design.

We will go through the process of:

-  cleanup
-  bed prep
-  mulching
-  planting bulbs
