Air Pruned Raised Beds: Overwintering or Harvesting Seedlings

Friday, October 9, 10:00 AM - 12:00 PM

At this workshop we'll be harvesting seedlings from the APRB that were planted in May of this year. Participants will also learn techniques for overwintering beds with or without seedlings and how to plant/heel in seedlings into a nursery area or your garden. Additional topics will include strategies for seed collection and storage for planting next spring. Requirements for selling nursery stock in NYS will also be addressed along with marketing ideas. This workshop is ideal for producers seeking to diversify into a new, efficient tree seedling production system. The session will be led by Connor Youngerman, Agroforestry lead with the Cornell Small Farms Program. There is no charge for the workshop, however pre-registration is required, as participation is capped at 25.

Ginseng Workshop

Thursday, October 29, 4-6 PM

Join CCE Agroforestry Educators at Wild Geese Farm for a hands-on American Ginseng Cultivation Workshop. We will focus on Ginseng site selection, planting and protection practices plus regulations. Participants will get an overview of a visual site assessment tool plus opportunity for hands on site prep and planting. This workshop will be outdoors. This workshop will be outdoors, held rain (snow) or shine! Please dress appropriately for walking through pasture and in the forest. Be prepared for a 1/4 mile walk across varied terrain, pants and closed toed shoes will be needed. Presented by: Tracey Testo and Ashley Schoenborn CCE Columbia Greene Agroforestry Educators.
