

Scholarships and Awards

NO A.I. IN ANY FORM WILL BE ACCEPTED. For the sake of clarity, the use of Artificial Intelligence tools is categorically prohibited at any stage of the creative process. It is unethical, constitutes plagiarism, and often violates copyright law simply to copy another work or image (even in another medium) and represent it as one's own.

Students are categorically prohibited from using any and all Artificial Intelligence tools (e.g. ChatGPT or DALL-E) or essay writing services (e.g. Chegg or Course Hero) to guide, brainstorm, draft, or create student work.

Statements taken directly for College Board/ETS.

Academic Integrity

Opportunities created by AI tools reinforce that academic integrity is an ethical choice that students must make.
