

Notebook Computer Cooling Pad

USB, Three Fans

Reduce notebook computer heat damage and extend service life.

More power means more heat, and that's why the MANHATTAN® Notebook Computer Cooling Pad can make a difference in the life of a portable PC. The heat generated from today's high-performance notebook computers can place an enormous burden on their internal circuitry, batteries and other internal electronic components. With space inside the shell becoming smaller, fans must work even harder to dissipate damaging heat to maintain a safe operating temperature range.

Ergonomic and Efficient Cooling Design

A MANHATTAN Notebook Computer Cooling Pad raises the notebook for improved air circulation and quiet fans help cool internal components to reduce critical temperature. Its compact size and lightweight makes it ideal for travel.

USB Convenience

Low power requirements enable the MANHATTAN Notebook Computer Cooling Pad to operate efficiently using USB power and its built-in cable. This eliminates the need for complicated installation and external power supplies, adapters or cables. Convenient features include a single USB port to connect peripherals and fan power switch with LED indicator lights.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Features

- Helps reduce operating temperatures for longer life and improved performance
- Three quiet, high-volume fans help dissipate damaging heat
- Fan power switch with LED indicator lights
- Built-in USB cable eliminates need for external power supply
- Fits under any notebook computer – compact and lightweight for travel
- Lifetime Warranty

Specifications

STANDARDS AND CERTIFICATIONS

- FCC
- CE
- RoHS
- WEEE

GENERAL

- Fans: 3
- Fan dimensions: 60 x 60 x 10 mm (2.0 x 2.0 x 0.4 in.)
- Fan noise: 25 dB (maximum)
- Fan speed: 1500 rpm
- Air flow: 28 cfm

ENVIRONMENTAL

- Operating temperature (degrees): 0 – 40 C
- Storage temperature (degrees): -15 – 60 C
- Storage humidity: up to 90% non-condensing

POWER

- Power cable: built-in USB A type, male/female pass-through to DC
- USB power cable: 61.5 cm (24 in.)
- Power consumption: 5V +/- 50%
- Operating current: 450 mA (maximum)

PHYSICAL

- Material: plastic
- Color: white
- Dimensions: 310 x 230 x 21 mm (12.2 x 9.1 x 0.8 in.)
- Weight: 454 g (16 oz.)

SYSTEM REQUIREMENTS

- PC or MAC notebook computer with USB port

PACKAGE CONTENTS

- Notebook Cooling Pad
