

Video Splitter

Model
171007

Directs a single video signal to multiple monitors.

Ideal for trade shows, classrooms, video conferencing and presentations, the MANHATTAN® Video Splitter features two ports with a built-in booster for added signal strength. MANHATTAN high-quality features include gold-plated contacts, a fully shielded metal case and anti-skid feet.

Easy to install

Simply connect cables to display a signal on multiple monitors. No software or hardware configuration required.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
