

SATA Drive Rack

Enjoy The Benefits of Sata Speed and Capacity.

Unlike traditional hard drive racks and docking kits, the MANHATTAN SATA Drive Rack is specially designed to help easily transfer data and reduce drive damage.

Unique designs reduce wear.

A patented internal connector shifts the contact friction to its interior reducing wear-and-tear of the SATA drive connector pins for longer life. An internal arm mechanism ensures that the drive installation is precise and smooth to further help reduce damage and provide reliable operation. Dual built-in fans combine with an aluminum case to help maintain safe operating temperatures for high-performance SATA drives.

Save technical support time and costs.

Easily installed into two 5.25" bays, its triple drive capacity can store and transfer large amounts of data without exposing the system to unnecessary risk. Technical support personnel can quickly complete tasks without the need of an internal tray, special tools and equipment or opening the PC case.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all INTELLINET NETWORK SOLUTIONS products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model

Model
474344

Features

- Directly insert SATA 150/00 L-type drives into a desktop PC bay – no internal tray required
- Space-saving design fits three 3.5" drives in two 5.25" bays
- Patented connector reduces damage to drive pins for many reliable connections
- Hot-swappable – ideal for transporting data between multiple locations and PCs
- Unique case and built-in fans maximize airflow and cooling efficiency
- Anti-vibration construction protects drives from shock
- Lifetime Warranty

Specifications

GENERAL:

- Supports data transfer speeds up to 3 Gbps
- Drive rack connector tested for up to 10,000 insertion/ejection cycles
- (2) 40 x 40 mm cooling fans
- LED power and activity indicators (each drive)
- 194 x 146 x 85 mm (7.6 x 5.75 x 3.4 in.); 1.05 kg (37 oz)

INTERNAL CONNECTIONS:

- (3) SATA 15-pin power
- (3) SATA L-type 7-pin data

EXTERNAL CONNECTIONS:

- (3) SATA 15-pin power
- (3) SATA L-type 7-pin data

- (3) HDD LEDs and fans 4-pin

SYSTEM REQUIREMENTS:

- (3) internal SATA data connections and (3) Molex 4-pin 12 V power connections
- Windows 98SE/Me/2000/XP/Server 2003 or MAC OS version 9.0 or above

PACKAGE CONTENTS:

- SATA Drive Rack
- (3) SATA data and (3) power cables
- User manual and (8) installation screws
