

# Guardian Notebook Computer Backpack

**Top Load; Fits Most Widescreens Up To 17"**

**Unique design protects computer and contents from opportunistic theft.**

**Model**  
438865

The MANHATTAN® Guardian Notebook Computer Backpack — when worn — effectively helps deter theft of a notebook computer and stowed valuables in crowded airports and trains, on hectic streets and in other congested locations. Unlike ordinary backpacks, a concealed dual zipper placed close to the wearer effectively restricts unauthorized access to the large interior. A secured top flap offers second-level protection for the main compartment and the media pocket. An integrated port connects earphones to the stored media player to enjoy music on the go, further reducing damage and loss risk. The angled bottom panel lessens the likelihood that a loaded bag is removed, set aside and forgotten. Adjustable shoulder and waist straps and a well-padded back panel distribute weight for a comfortable fit and wear.

## **Low-Profile Shape, But Plenty of Room**

Its spacious interior — with padded computer compartment and elastic strap — accommodates most notebook computers with widescreens up to 17". A two-sided organizer panel has a place for nearly everything and keeps everything in its place. Two key hooks, one equipped with a quick-release clip, help prevent scratches and damage to equipment caused by loose, unfastened keys. Both are ideal for securing home, car or office keys and a digital camera, USB flash drive or other small electronic device. Three pen loops and an ID/business card holder keep writing instruments and cards ready for the best first-impression. A large, single-zippered pocket keeps papers, documents and magazines smooth and flat. To stow bulky items or pack for special trips, the organizer panel easily detaches or reverses. Two large accessory pouches attach to the softly lined interior walls to store cables and other accessories.

## **Beautifully Designed to Perform**

The exterior and interior are carefully constructed of lightweight, durable, easy-care materials that resist water and wear. Heavy-duty hardware, including zippers with sturdy metal pulls, ensures smooth operation with fewer snags. MANHATTAN Notebook Computer Cases combine superior computer protection and attractive styling with comfort and convenience when traveling across town, cross-country or around the world.

## **Lifetime Warranty**

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
