

# Universal Power Plug Adapter

**Surge Protection with Built-in USB Charging Port, 150 Joules**

**Take USB devices, electronics and appliances almost anywhere!**

The MANHATTAN® Universal Power Plug Adapter, with its all-in-one design, quickly adapts plugs for use in most international power outlets. Designed to work in nearly 150 countries in Europe, North and South America, Australia, the United Kingdom and more, its self-contained design eliminates tangled cords and numerous, loose adapters that are easily lost and annoying to pack for travel.

## **A Single, Safe and Reliable Power Source**

The safety switch slides to easily select the proper country configuration and locks the retractable plugs for travel. Rated to handle both 110- and 220–240-volt standards, it's simple to connect to international power outlets without a complicated power conversion. Built-in over-temperature, overload, short-circuit and surge protection (150 Joules) help guard connected equipment for reliable, safe operation. A convenient USB charging port keeps digital music players, digital cameras and other devices ready for use. Ideal for use with notebook computers, PDAs, cell phones and other small electronics and consumer appliances, the MANHATTAN Universal Power Plug Adapter provides a reliable and convenient power solution.

## **Lifetime Warranty**

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
