

LCD Monitor Pole

Model
420716

LCD monitor arms help utilize work space, improve ergonomics and share views.

The MANHATTAN® LCD Monitor Pole with Double-Link Swing Arms provides a secure and elevated position for three flat-screen monitors to help free up valuable desk and work space. Its fully adjustable tilt, rotate, side-to-side, height and tension settings enable a comfortable and productive viewing position that helps reduce eye fatigue and neck and back strain. LCD monitors can be easily rotated around the pole to allow others to view presentations and other multimedia displays from almost any direction.

Rugged Construction and Easy Installation

Durable die-cast aluminum construction and a sturdy clamp provide a quick, easy and secure mount to a desktop or other horizontal surface. VESA compliant and ready to install with included hardware, there's no need to drill holes into desks or countertops.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

LIFETIME
WARRANTY

Model
420716

Features

- Securely holds three LCD monitors above the desktop to increase work space, improve visibility and minimize clutter
- 36" double-link swing arms optimize ergonomics and monitor views with separate tilt, rotate, side-to-side, height and tension adjustments
