

Ear-Hook Headset

Model
176682

Small and light but big on performance.

The MANHATTAN® Ear-Hook Headset combines quality sound with an adjustable omnidirectional condenser microphone in a small, lightweight headset that's ideal for office, home or travel. Use it with VoIP or pair with a web camera to enhance instant messaging and online communications.

Stylish But Practical Design

Its flexible around-the-ear clip and pivot hinge provide a compact, no-nonsense headset that eliminates a heavy, cumbersome headband that can interfere with comfort, hairstyles and jewelry. The convenient in-line volume control adjusts audio preferences to suit most listening environments. An attractive metallic-like blue accent color coordinates with the black finish and cable. Between calls, use the built-in clip to hang the Ear-Hook Headset from a pocket or lapel to keep it handy and ready for use. Color-coded 3.5 mm stereo plugs with strain relief help secure a fast, easy and reliable connection to the media source.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Model
176682
