

Graphics Tablet

USB, Wireless Mouse and Pen, 6" x 8" / A5

An advanced digital tool that helps improve creativity and productivity.

Model
174459

The MANHATTAN® Graphics Tablet offers a flexible way to work with Adobe PhotoShop, Illustrator and Flash; Corel Painter; Autodesk Maya and 3D Studio Max; Pro/E; and other popular software applications. Ideally suited for photographers, designers and artists, its versatility can help a wide range of new users find innovative ways to help maximize creativity and productivity.

The Right Set of Features and Design Tools

The lightweight RF wireless pen — with 1,024 pressure sensitivity levels and tilt — enables the creation of computer graphics, technical drawings and other digital documents in a way that's more natural and instinctive. Its programmable buttons are easily customized to suit users and project requirements. The wireless three-button mouse with scroll uses RF technology instead of a ball or optics for smooth and accurate response, less maintenance and reliable life. Its ambidextrous, low-profile design is a comfortable fit in either hand. Automatic power-save reduces battery drain and keeps both devices ready for use. An integrated menu strip contains 42 built-in hotkeys for on-tablet control of frequent menu commands and application functions. Three programmable keys can be set to perform keystroke combinations or launch a menu item without using the mouse and interrupting workflow. A transparent overlay helps protect the active area and easily lifts to help secure documents and photos for tracing.

It's Not Only for Artists

More precise and intuitive than a traditional keyboard and mouse combination, every point on the tablet has a corresponding location on the screen. Cursor positions are matched with pen movements providing a "pen tablet" function that helps support handwriting recognition for note-taking and meeting minutes, handwritten email and signatures, signature capture and authentication and pen navigation. The MANHATTAN Graphics Tablet complements digital whiteboards in training, classroom and presentation applications.

Easy, Quick Installation for Comfort, Control and Productivity

Compatible with Windows and Macintosh systems, the MANHATTAN Graphics Tablet includes driver CD and a USB connection for quick setup without the need for an external power supply. Its low profile, generous cable and adjustable stand combine to provide natural, relaxed working positions to help reduce repetitive motion injury.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.

Features

- Advanced design tool that helps create and edit digital art — also supports handwriting recognition, signature capture and authentication, pen navigation and more
- Generous active area ideal for photographers and graphic designers for use with document annotation, tracing, digital whiteboard presentations and more
- Wireless three-button mouse with scroll and programmable three-button pen provide precise cursor positioning and dynamic option control
- 42 hotkeys including 16 customizable keys provide quick, one-touch access to frequent menu commands and applications
- Compatible with Windows and Mac systems; includes full-version UC-Logic PenSuite Pro software
- Lifetime Warranty

Specifications

STANDARDS & CERTIFICATIONS

- USB 1.1; CE and FCC approvals

GENERAL

- Technology: electromagnetic induction
- Active area: 15 x 20 cm, 300 sq. cm (6 x 8 in., 48 sq. in.)
- Coordinate resolution: 79 lpmm (2,000 lpi)
- Data report rate: at least 100 rps
- Reading height: up to 15 mm (0.6 in.)
- Input current: 70 mA (maximum)
- Compatible with 2000/XP/Vista and Mac OS 9.x or above
- System requirements: Pentium III equivalent or higher; 256 MB hard disk space and 128 MB RAM recommended
- LED indicator: Activity
- Cable: USB Type A, 1.4 m (4.5 ft.)
- 30 x 27 x 0.65 cm (12 x 10.5 x 0.25 in.); 621 g (21.9 oz.)

RF WIRELESS PEN WITH POWER SAVE

- 3 buttons, programmable; (2 pen barrel, 1 pen tip)
- Pen pressure sensitivity: 1,024 levels
- Pen tilt range: $\pm 60^\circ$ from vertical (detectable)
- Accuracy: ± 0.25 mm (0.01 in.)
- Power: 1 AAA battery, included
- 23 g (0.8 oz); with stand, 54 g (1.9 oz.)

RF WIRELESS MOUSE WITH POWER SAVE

- 3 buttons; left, middle, right with scroll toggle
- Accuracy: ± 0.5 mm (0.02 in.)
- Power: 1 AAA battery, included
- 54 g (1.9 oz.)

SOFTWARE

- UC-Logic PenSuite software (full version) and Adobe PhotoShop CS3 Extenders and Corel Painter X (30-day trial versions)

PACKAGE CONTENTS

- Graphics Tablet, 6" x 8" / A5
- RF wireless mouse and pen with holder
- UC-Logic PenSuite Pro software (full version); Adobe PhotoShop CS3 Extended and Corel Painter X (30-day trial versions)
