

Surge Strip

8 Horizontal Outlets, 175 Joules

Model
168366

Put power where it's needed.

The MANHATTAN® Surge Strip with AC surge suppression provides a convenient horizontal power distribution for computer rooms, workstations, technical benches, media/entertainment centers and other places in the home or office where additional power outlets are needed.

Helps Safely Expand Power Access

Its eight receptacles with 175 Joules of built-in surge dissipation protect connected equipment from transient surges and line noise. The heavy-duty cord with three-pin grounded plug, lighted power switch with integrated circuit breaker and multi-outlet configuration help reduce power cord clutter with the connection of multiple electrical devices to a single AC wall socket.

Lifetime Warranty

Strict manufacturing standards ensure the highest quality in all MANHATTAN products. All items carry a full Lifetime Warranty — the strongest quality commitment anyone can make.
