

Drive Enclosure

Hi-Speed USB 2.0, SATA, 3.5"

Part No.: **130288**

Create new storage solutions to transfer, share and archive important data. Install an idle or new hard disk drive into a Manhattan Drive Enclosure to expand storage capacities for desktop and notebook computers. With support for large-capacity 3.5-inch SATA drives up to 2 TB and Hi-Speed USB data transfer rates of up to 480 MBps, the Manhattan Drive Enclosure helps optimize high-performance personal computer storage applications. A convenient built-in, one-touch copy feature helps to quickly transfer, share and archive important data. Its durable, two-piece construction provides quick installation and access while protecting sensitive drives from exposure and daily hazards. Windows and Mac compatibility plus plug-and-play and hot-swappable capabilities offer a versatile and portable data solution without bulky external power supplies or annoying cables and adapters.

Features:

- Supports data transfer rates for up to 480 Mbps and large-capacity drives up to 2 TB
- Integrated one-touch backup button
- Lightweight, compact design ideal for portable storage
- Sturdy case protects drive and facilitates cooling
- Fits standard 3.5" SATA drives with easy, quick installation — includes rear-mount power switch and LED indicator
- Windows and Macintosh compatible, Plug and Play, hot swappable
- Three-Year Warranty

Specifications:
