

3050 2.1 Speaker System

2 Satellites + 1 Subwoofer

Part No.: **161701**

Experience full, deep sound in a compact design.

Maximize gaming, music and movie experiences with the Manhattan 3050 2.1 Speaker System. Designed to complement modern computers, displays and peripherals, its robust full-range speakers and front-firing subwoofer will draw listeners into the center of the action. The subwoofer is crafted from wood products to help resonate full bass. This compact system makes an excellent computer speaker upgrade for use at home or the office without compromising too much valuable desktop or shelf space.

Features:

- Experience stereo music with powerful, clear highs, a rich mid-range and deep lows
- Works with your PC or laptop
- All power is supplied via a USB connection — no separate power supply needed
- Magnetically shielded
- Volume and bass controls
- Lifetime Warranty
