

2820 Laptop Speaker

USB, Laptop Speaker

Part No.: **161749**

Portable design delivers big stereo sound for your laptop computer.

Enhance your laptop audio experiences with the Manhattan 2820 Laptop Speaker. It's compact and USB-powered but delivers rich, full-range sound from notebook computers and other USB-equipped mobile media devices. A built-in swivel clip allows the speaker to be easily mounted on top of any laptop. When the clip is not in use, the speaker can also stand on a flat surface. The built-in USB cable quickly connects without special drivers and also provides all necessary power. It's an ideal replacement or upgrade for notebook computer speakers and easily stores in a notebook computer case so you can enjoy favorite stereo sounds almost anywhere.

Features:

- Full-range laptop USB speaker system
- Simple clip-on design
- Compact and portable with a wire management system
- Shielded to prevent distortion and maintain clear, crisp sound
