

1080p DisplayPort Monitor Cable

DisplayPort Male / DisplayPort Male, 2 m (6.6 ft.), Black

Part No.: [393799](#)

EAN-13: 0766623393799 | UPC: 766623393799

High-definition performance for personal computing

Manhattan DisplayPort Cables provide a single-cable solution that delivers both high-definition digital audio and video signals between desktop and notebook computers and an output device. With 10.8 Gbps bandwidth (1080 Mbps), DeepColor and 24-bit, 8-channel uncompressed audio capability, the 20-pin connector is small, compact and ideal for use with DisplayPort-equipped computers, flat-panel displays, slim-profile devices and many consumer electronics including Blu-ray players and game consoles. Full foil and braided shielding, molded boots with strain relief, protective PVC jackets and gold-plated connections help Manhattan DisplayPort Cables provide maximum conductivity and clear, crisp signal transmissions with reduced EMI interference and distortion.

Features:

- DisplayPort 20-pin male to DisplayPort 20-pin male latching connections
- Delivers high-bandwidth, digital audio/visual signals from PC to display and other DisplayPort-enabled devices — up to 1080p@60Hz resolution
- Fully shielded to reduce EMI and other interference sources
- Plug and Play for box-to-box applications
- Molded PVC boot
- Lifetime Warranty

Specifications:

Standards and Certifications

- UL 20276

- DisplayPort v1.1

Connectors

- (2) DisplayPort 20-pin male with latches
- Nickel plated
- Gold-plated contacts
- ABS boot
- Built-in strain relief

Cable

- 28 AWG connectors
- Shielding: aluminum and Mylar braid
- Withstanding voltage: 300 V DC
- Insulation resistance: 5 MOhms
- Contact resistance: 2 Ohms
- PVC jacket

Package Contents

- DisplayPort Monitor Cable
