

iLynk Lightning Cable

USB A to Micro USB and 8-Pin, 1m (3.3 ft.), White

Part No.: **390613**

Double the Connections – One Simple Solution

The Manhattan iLynk Lightning Cable is an ingenious 2-in-1 cable that goes from a Micro USB cable to a Lightning connector cable quickly and easily so you can charge and sync all of your favorite mobile devices. In its Lightning connector configuration, the iLynk Charge/Sync Cable works with your iPhone 5, iPhone 5s, iPhone 5c, iPod touch (5th generation), iPad (4th generation), iPad Air and iPad mini. Then change to the Micro USB connector to charge your smartphone, tablet, digital camera, portable gaming system or other mobile devices.

Ideal for traveling, in-car use or as a replacement cable, the iLynk Charge/Sync Cable readily plugs into a computer to charge and sync your device, or you can use it with a USB wall or car charger to keep your battery powered up and ready to go.

Features:

- 2-in-1 Micro USB and Lightning connections on one handy cable
- Use the Lightning connector to charge and sync your iPhone 5s, iPhone 5c, iPad Air or iPad mini
- Use the Micro USB connector to charge and sync your smartphone, tablet, digital camera and more
- Supports speeds up to 480 Mbps
- Nickel-plated connections for best performance
- 1m / 3.3-foot cable with durable, flexible PVC jacket
- Lifetime Warranty
