

Professional Charging Cart with Casters

36-Bay, 10.8A, Metal-Housing Charger with Casters and Adjustable Shelves

Part No.: **406116**

Keep your portable devices fully powered and secure.

Tablets place heavy demands on their batteries for power, but the Intellinet Network Solutions Professional Charging Cart with Casters can help keep your tablets and other devices charged and ready to go. The Tablet Charging Cart plugs into any standard wall outlet and accommodates different-sized USB chargers for rapid charging for your portable devices via 36 AC outlets. It is ideal for use in schools, government offices, corporate offices, hospitality businesses and any other type of business or organization that uses a large number of tablets to get things done. It features 36 bays for securing all tablets — with cases — and its convenient top-mounted cable management keeps the shelves clean and clutter free. Plus, this charging cart comes with casters for maximum portability and flexibility.
