

PopCharge Auto Passenger

Automotive USB Fast Charger with Four 1A Ports

Part No.: **406154**

Converts a cigarette lighter socket into a four-port USB power source.

The Manhattan PopCharge Auto Passenger is a fast charging adapter that uses a vehicle's auxiliary power port to keep mobile devices charged and ready while on the road. It features two USB ports at the charger and two additional ports at the end of the 1m (3-ft.) extension cable for charging passengers' devices. Capable of fast charging two tablets*, smartphones*, digital cameras, music players and more, or charging four devices simultaneously. A built-in surge protection system guards connected equipment from unexpected vehicle power fluctuations, and spring-loaded contacts ensure a good, reliable connection.

* Fast charging feature works with tablets and smartphones featuring fast charging circuitry.

Features:

- Adapter for fast charging tablets, smartphones and other portable devices
- 4-port USB charger, 5V 4.8A 24W total output
- Can fast charge a pair of 2.4A devices or charge 4 devices simultaneously
- Charges almost twice as fast as a 5W USB charger when charging 1 or 2 devices
- Sleek, low-profile design fits most standard automotive power ports
- Convenient 1m (3-ft.) cord allows passengers in the rear of the vehicle to charge
- Built-in circuit and surge protection
- Power and easy locator LEDs
- Pairs great with any Manhattan iLynk or other USB cables
- Lifetime Warranty

Specifications:

Standards and Certifications

- FCC
- CE
- RoHS2

Electrical

- DC input voltage range: 12 – 24 V
- USB power output: 4.8 A 5 VDC \pm 5% 24W

- Surge protection
- LED power indicator and port locator

Connections

- Cigarette lighter plug
- Type-A USB, female x 4: 4 x 1.2 A; 2 x 2.4 A (output)

Physical

- Port extension cable: 1 m (3 ft.)
- Plastic housing
- 59 x 30 x 30 mm (2.3 x 1.2 x 1.2 in.)
- 76.5 g (2.7 oz.)

Package Contents

- PopCharge Auto Passenger
- Double-sided tape
