

DRIVE ENCLOSURE REFERENCE GUIDE

Thank you for purchasing this MANHATTAN® Drive Enclosure, Model 130103 (black), 130110 (blue) or 130127 (red). Its silicone construction and heat-dissipating design help protect 2.5" drives, and the flexible, built-in USB cable is easily attached to any USB port or conveniently stored for travel.

Insert your drive through the vent opening to connect it (the board has been removed in this view) — then just plug the cable in to a USB port!

- Supports data transfer rates of up to 480 Mbps
- Silicone construction for a snug, cushioned fit that protects drive and permits ventilation
- Fits standard 2.5" SATA drives: quick and easy installation with built-in USB cable
- Lightweight, slip-resistant design ideal for portable storage
- Windows and Macintosh compatible, Plug and Play, hot swappable
- Lifetime Warranty
